1. Introduction

1.1 Overview

The State of New York, Office of General Services (OGS), Real Property Management (RPM) oversees and operates approximately 18.6 million square feet of office space throughout New York State. To assist in their daily operations, OGS RPM contracts with firms to provide various services.

The intent of this solicitation is to establish a **five (5) year contract** with qualified contractor(s) to provide personnel, materials, tools, and equipment as required to perform Electrical Distribution Equipment Inspection Testing and Maintenance services in **seven (7) Upstate Facilities**. This work includes a comprehensive examination, service inspection, operational check, electrical testing and preventative maintenance to ensure all systems are operating properly. Preventative maintenance must be conducted on all equipment annually. Preventative maintenance includes all manufacturer and code required testing.

OGS facilities / locations being considered under this solicitation are as follows;

- Binghamton State Office Building, 44 Hawley Street, Binghamton, NY 13901
- Dulles State Office Building, 317 Washington Street, Watertown, NY 13601
- Henderson-Smith State Office Building, 107 Broadway, Hornell, NY 14843
- Homer Folks Facility, 28 Hill Street, Suite 327, Oneonta, NY 13820
- Mahoney State Office Building, 65 Court Street, Buffalo, NY 14202
- Senator Hughes State Office Building, 333 E. Washington Street, Syracuse, NY 13202
- Utica State Office Building, 207 Genesee Street, Utica, New York 13501

Refer to **Section 4 – Scope of Work** for the specific service requirements and for a list of service locations, along with Facility Manager Contact information, to be included under this solicitation.

1.3 Minimum Bidder Qualifications

Bidder has actively and normally been engaged, for at least the past **five (5) years** in the appraisal and testing of material and equipment of similar manufacture and capacity as those covered by this contract; or Bidder is to supply information confirming that senior management personnel of Bidder has been actively and normally engaged cumulatively for the Bidder and another firm or firms in which they also served as senior management personnel, for at least the past five (5) years in the appraisal and testing of material and equipment if similar manufacture and capacity as those covered by this contract. Provided, however, that in the case of the latter situation, the Bidder must have been in business for at least six (6) months.

Bidder shall employ suitable engineering and technical resources to complete the work under approved schedules.

1.4 Mandatory Site Visits

Bidders intending to submit a bid will be required to attend a mandatory site visit, which will include a tour of the building(s) on the date and time indicated in Section 1.5 Key Events below. This is the only date and time available for inspection. Alternate dates for additional site inspections will not be available. Attendees will be required to sign in and provide basic company and contact information. This information will be used to verify attendance and to communicate any changes to the solicitation (addenda). Therefore, it is imperative that the information provided be legible and accurate. Bidders are only required to attend mandatory site visits related to their bids. Failure to attend the mandatory site visit of a facility bid on will result in rejection of the bid.

The facilitator of the event will publicly announce the official start time of the site visit. The announcement shall be made no sooner than the time stated in Section 1.5 of Key Events below. Prospective bidders arriving after the official start time of the site visit will be precluded from attending the site visit, and therefore unable to submit a responsive bid.

Pre-Registration

Due to security restrictions, all Bidders must **pre-register with** at least one person at each building, at least 48 hours in advance:

Bidders should report to the facility manager at each facility for site visits. It is recommended that attendees arrive at the building at least thirty minutes prior to scheduled time with photo identification.

Parking.

Binghamton State Office Building, Binghamton

Visitors to the Binghamton State Office Building may park in the sub-basement parking garage accessible from the Isbell Street entrance.

Dulles State Office Building, Watertown

Visitors to the Dulles State Office Building may park in either of two public lots. The first is approximately one block northwest behind the Watertown Daily Times, accessible off Clinton or Stone Street; the other is approximately two blocks north, accessible off City Center Drive. Street parking is available on a first come basis. Visitor handicap parking is located on the second level of the parking garage and is available upon request.

Henderson-Smith State Office Building, Hornell

Visitors to the Henderson-Smith Building may park in LOT "B" located next to the Hornell Public Safety Building. Please enter at the corner of Buffalo Street and Broadway. Handicap parking is available directly in front of the state office building in the "A" lot. Please enter from Cass Street or Broadway.

Homer Folks Facility, Oneonta

Visitors to the Homer Folks Facility may park in any available spot.

Hughes State Office Building, Syracuse

Visitors to the Senator Hughes State Office Building may park on the streets surrounding the facility.

Mahoney State Office Building, Buffalo

Visitors to the Mahoney State Office Building are encouraged to park in the open private lots within walking distance of the building or the Fernbach ramp located at Court and Franklin Street. Limited metered street parking may also be available. Entrances to the building are available on Court, Franklin, and W Genesee Streets.

Utica State Office Building, Utica

Visitors to the Utica State Office Building may park in the City pay lot, which is located on Union Street across from the building. There is also free 90 minute parking on the streets around the facility.

In accordance with State Finance Law §139-j(3)(a)(3), this mandatory site visit is covered by the permissible subject matter authorization. A vendor is authorized to speak with representatives other than Designated Contact(s) for the sole purpose of the site visit (to arrange attendance, during the conduct of the visit and to pose questions regarding the site).

EACH BIDDER IS REQUIRED TO PERSONALLY VISIT THE SITES TO; EXAMINE THE FACILITIES, EXAMINE ANY RELATED DOCUMENTS AND SITE CONDITIONS, DETERMINE THE CONDITION OF THE GROUNDS, AND TO ASSESS THE OVERALL SCOPE OF WORK PRIOR TO SUBMITTING THEIR BID. ATTENDANCE AT THE MANDATORY SITE VISIT IS REQUIRED IN ORDER TO BID. BIDDERS ARE REQUESTED TO CONTACT THE FACILITY MANAGER AT APPROPRIATE NUMBER LISTED BELOW AT LEAST 24 HOURS PRIOR TO THE SITE VISIT TO REGISTER.

This Site Visit is mandatory and waivers of this requirement will not be considered. A Facility Site Visit Verification Form – Attachment 2, must be completed, signed by the Facility Manager or his/her representative for **each** facility bid on, and submitted with the complete bid package. Failure to comply with this requirement will be grounds for the Commissioner of Office of General Services or a designated representative to disqualify the bid. Bidders attending the Mandatory site visit are not required to submit a bid.

The site visit will provide an opportunity for Bidders to see first-hand the existing equipment, the tasks to be performed and the special needs of the facility. Questions during the site visit will be permitted. It is suggested that the Bidder note the question and ask at the end of the tour.

Verbal answers are not official answers. All questions asked at the tour must be submitted via email to the designated contact for this solicitation no later than the date and time indicated in Section (1.5) Key Events. Official answers to all questions will be distributed in the form of an addendum via email to all attendees of the mandatory site visit. Only answers provided by addendum are considered official.

NOTE: If there are any questions Bidders would like addressed at the site visit, **Bidders should submit them in writing as instructed in Section (2.1) IFB Questions and Clarifications**, to the designated **contact prior to the date of the site visit**. Questions during the site visit will be permitted, however, only questions submitted in writing and answered via addendum will be considered official.

All questions must cite the particular page, section, and paragraph number, where applicable. Please submit questions as early as possible following receipt of the IFB. The final deadline for submission of any questions/clarifications regarding this IFB is listed in Section 1.5 – Key Events. Questions received after the deadline may not be answered. OGS will distribute an addendum with all Questions and Responses to Questions via email on or about the date listed in Section 1.5 – Key Events, to the Primary Contact Person for all vendors that have attended Site visit(s).

2.2 Bid Format and Content

In order for the State to evaluate bids fairly and completely, bidders must follow the format set forth herein and must provide all of the information requested. All items identified in the following list must be addressed as concisely as possible in order for a bid to be considered complete. Failure to conform to the stated requirements may necessitate rejection of the bid.

2.2.1 Cover Letter

The cover letter must confirm that the **bidder understands all the terms and conditions contained in this IFB and will comply with all the provisions of this IFB**. Further, that should the contract be awarded to your company, you would be prepared to begin services upon approval by the NYS Office of the State Comptroller. The cover letter must include the full contact information of the person(s) NYS OGS shall contact regarding the bid and must also include the name(s) of principal(s) of the company responsible for this contract, their function, title and number of years of service with company. A bidder representative authorized to make contractual obligations must sign the cover letter.

2.2.2 Minimum Qualifications

Bidders must submit sufficient information to confirm their ability to meet the minimum qualifications to provide services requested in this IFB as set forth in Section 1.3. Failure to meet the minimum Proposer qualifications will result in Proposer disqualification.

Submitted information should include a listing of other accounts / contracts where similar work is performed. Including description of equipment serviced, services performed, how long your firm has performed for the account / contract (dates).

Also, identify engineering and technical resources intended for use under this contract.

2.2.3 Experience & Operational Plan:

Bidders must describe their capabilities to provide the services required in this IFB by providing the following:

- ❖ A description of Bidder's experience with Electrical Distribution Equipment Inspection, Testing and Maintenance.

- ❖ Staffing plan, including the use of any subcontractors.

2.2.4 Pricing

Bidder shall submit a completed Attachment 1 Bid Proposal Form for each facility bid on. Each item must be complete with no lines omitted. Bidder shall not provide alternative pricing or deviate from the Cost Proposal Form. Alternative pricing methodologies will not be considered and may result in the rejection of the bid.

2.2.5 Administrative Submission

- All other required completed forms from IFB Appendix B.
- Attachment 3 Submission Checklist
- Signed bid addenda (if any)
- Important Notes:
 - Insurance – Proposers are reminded of the insurance requirements as described in Section 5.3. The selected Proposer will be required to provide all necessary documentation upon notification of selection.
 - M/WBE & EEO Requirements- Proposers are reminded of the requirements as described in Section 5.5.
 - Vendor Responsibility - Proposers are reminded of the requirement as described in Section 5.14, and are requested to complete the online questionnaire located on the OSC VendRep System website prior to bid submission. If the vendor has previously certified responsibility online, it shall ensure that the VRQ was recertified in the last 6 months.
 - Document Consistency - An award will only be made to the entity which has submitted bid. All submitted documents must be consistent with official name of bidding entity, FEIN and NYS Vendor ID number.
 - A Proposer shall be registered with the NYS Department of State as an entity authorized to conduct business in New York State either at the time the proposal is submitted or within thirty calendar days of being advised of tentative award. Failure to complete the registration process and be approved by the New York State Department of State within that thirty day time period may result in a rejection of the proposal.

2.3 Bid Preparation

All bids must be completed in ink or machine produced. Bids submitted handwritten in pencil, or faxed or emailed will be disqualified.

2.4 Packaging of IFB Response

Please submit:

- Four originals and one exact copy of the Bid Proposal Form (Attachment-1)
- One original and four exact copies of: the Cover Letter; Minimum Qualifications information; Experience and Operational Plan
- Four originals and one exact copy of the Administrative Submission

All bid documents must be submitted by mail, hand delivery, overnight carrier or certified mail in a package showing the following information on the outside:

- Bidder's complete name and address
- Solicitation Number: IFB #1783
- Bid Due Date and Time: (as in Section 1.5 - Key Events)
- Bid for: Electrical Distribution Equipment Inspection, Testing and Maintenance at Upstate Facilities

Failure to complete all information on the bid envelope and/or packages may necessitate the premature opening of the bid and may compromise confidentiality.

2.5 Instructions for Bid Submission

Note that these instructions supersede the generic instructions posted on the OGS website bid calendar.

Only those Bidders who furnish all required information and meet the mandatory requirements will be considered. Submit all required bid documents including signed bid addenda if any, to the NYS Office of General Services - Division of Financial Administration/Contracts at the following address:

NYS Office of General Services
Financial Administration- Contract Unit
Corning Tower, 32nd Floor/Empire State Plaza
Albany, NY 12242

Attn: Wendy L. Fioravanti
IFB #1783

E-MAIL OR FAX BID SUBMISSIONS ARE NOT ACCEPTABLE AND WILL NOT BE CONSIDERED.

The State of New York will not be held liable for any cost incurred by the Bidder for work performed in the preparation and production of a bid or for any work performed prior to the formal execution and approval of a contract.

Bids must be received in the above office on or before **2:00 PM on the date indicated in Section 1.5, Key Events.** Bidders assume all risks for timely, properly submitted deliveries.

The received time of bids will be determined by the clock at the above noted location.

NO CONSIDERATION WILL BE GIVEN TO BIDS RECEIVED AFTER THE STATED DATE AND TIME.

Bidders mailing their bid must allow sufficient mail delivery time to ensure receipt of their bid at the specified location no later than the specified date and time. Delays in United States mail deliveries or any other means of transmittal, including couriers or agents of the bidding entity shall not excuse late Bid submissions. Similar types of delays, including but not limited to, bad weather, or security procedures for parking and building admittance shall not excuse late Bid submissions. Bidders are cautioned that receipt of bids in the OGS Mailroom is NOT sufficient, and that at least historically, one overnight carrier has been known to deliver its packages to the OGS Mailroom. OGS cannot be responsible for the actions of your chosen carrier.

Bids must remain open and valid for 120 days from the due date, unless the time for awarding the contract is extended by mutual consent of NYS OGS and the Bidder. A bid shall continue to remain an effective offer, firm and irrevocable, subsequent to such 120 day period until either tentative award of the contract(s) by issuing Office is made or withdrawal of the bid in writing by Bidder. Tentative award of the contract(s) shall consist of written notice to that effect by the issuing Office to the successful Bidder. This IFB remains the property of the State at all times, and all responses to this IFB, once delivered, become the property of the State.

Important Building Access Procedures for Delivered Bids:

Building Access procedures are in effect at the Empire State Plaza, Corning Tower. Photo identification is required. All visitors must register for building access, for delivering bids. **Vendors are encouraged to pre-register by contacting the OGS Finance Office at 518-474-5981 at least 48 hours prior to the bid opening.** Pre-registered visitors are to report to the visitor desk located at the Concourse level of the Corning Tower. Upon presentation of appropriate photo identification, the visitor will be allowed access to the building.

Upon arrival at the visitor desk, visitors that have not pre-registered will be directed to a designated phone to call the OGS Finance Office. The Finance Office will then enter the visitor's information into the building access system. Access will not be allowed until the system has been updated. Visitors are encouraged to pre-register to ensure timely access to the building. Vendors who intend to deliver bids or conduct business with OGS should allow extra time to comply with these procedures. These procedures may change or be modified at any time.

Visitor parking information can be viewed at the following OGS web site:
<http://www.ogs.ny.gov/BU/BA/Parking/Visitor/>

END OF SECTION 2

3. Administrative Information

3.1 Issuing Office

This IFB is being released by the New York State Office of General Services Division of Financial Administration on behalf of the Real Property Management.

3.2 Method of Award

This is a multiple award solicitation. Bidders may bid on one or multiple sites. Awards shall be made to the vendor(s) who has the lowest responsive and responsible bid based on the grand total on the Bid Proposal Form for each facility.

Upon determination of the lowest responsive and responsible bidder(s), the Service Agreement, a sample of which is found in Appendix D hereto, will be completed with the successful bidders' information and appended to this IFB and the successful bidders' bid to form the contract between the parties. The Service Agreement will then be presented to the bidder for execution and subsequently processed for all necessary State approvals.

The Grand Total bid amount of the successful bidder shall be used to establish the contract value. The established contract value shall not be exceeded.

3.3 Price

The Bid amounts shall be inclusive of all costs including travel, licenses, insurance, administrative, profit and other ancillary costs regardless of the amount of time required or the number of visits made to the site.

It is the expectation that all Switchgear shutdowns and testing will be performed off hours/afterhours including nights and weekends. No additional charges or overtime charges will be paid to the contractor for these shutdowns as they are included in the base bid price.

The Contractor is to provide an annual Base Bid for all labor, material, equipment, and all other ancillary cost required to annually service every piece of equipment which requires inspection, testing, maintenance and corrective repairs. In addition, the Contractor will provide the State with a "time and materials" cost for any work not covered in the base bid scope. The time and materials portion of the bid shall be represented as an hourly rate for labor, and a percent markup over the Contractors cost for parts and materials. For evaluation purposes, an estimated number of hours and an estimated dollar value of materials and parts will be used on the bid form. These are estimated figures only and the Contractor will be paid only for the actual, fair and reasonable time or materials that are utilized. Prices for base bid items and hourly rate may be adjusted yearly as noted in Section 3.5.

An example of bid evaluation follows:

Contractor "A"

A. Base Bid - Annual Inspection, Testing and Maintenance, and Corrective Repairs	\$11,000.00
B. Hourly rate is \$75.00/hour x estimated 20 hours over 1 year	\$1,500.00
C. Material markup 15% x estimated \$200.00 over 1 year	\$230.00

TOTAL BID A+B+C = \$12,730.00

Contractor "B"

A. Base Bid - Annual Inspection, Testing and Maintenance, and Corrective Repairs	\$12,000.00
B. Hourly rate is \$50.00/hour x estimated 20 hours over 1 year	\$1,000.00
C. Material markup 8% x estimated \$200.00 over 1 year	\$216.00

TOTAL BID A+B+C = \$13,216.00

Therefore, on the basis of the computations used, Contractor "A" is the low bidder even though the hourly rate and material markup were higher than that of Contractor "B".

The additional services labor cost quotes will be considered straight time costs for work accomplished during a single shift of not more than eight (8) hours, Mondays through Fridays, excluding all State holidays. Any work performed for more than eight (8) hours in a single shift or at times other than Mondays through Fridays is considered to be overtime and would be allowed only when approved in writing by the Facility Manager. The rates paid to the Contractor would be 1.5 times the rate bid for Saturday's or time over an eight (8) hour single shift on Monday through Friday, and double times the rate bid for Sundays and Holidays.

3.4 Term of Contract

This contract will commence upon OSC approval and will be in effect for **five (5) years**.

The State of New York retains the right to cancel this contract for convenience, provided that the Contractor is given at least thirty (30) days written notice of OGS' intent to cancel. Any cancellation by OGS under this section shall in no event constitute or be deemed a breach of any contract resulting from this IFB and no liability shall be incurred by or arise against OGS, its agents and employees therefore for lost profits or any other damages resulting there from. This provision should not be understood as waiving the State's right to terminate the contract for cause or stop work immediately for unsatisfactory work, but is supplementary to that provision. See Section 5.13 Termination.

3.5 Price Adjustment (Escalation/De-escalation)

The Contractor is to submit a bid that will be fixed for one (1) year only. On each anniversary date of the contract, the Contractor will be granted an increase or decrease in their bid, dependent upon fluctuations in the Consumer Price Index for All Items, (Northeast Urban), as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. 20212. Visit their website at <http://www.bls.gov/data/>.

The 'base' month for determining adjustments will be the third month prior to the start date of the contract. The base month is fixed and will not be adjusted year to year. The adjustments will be based on the difference in the base month CPI for each applicable year and will become effective in the anniversary month. For example, if the contract is awarded in September 2015, the 'base' month will be June. If the contract allows for an adjustment after the first year, it would be based on the difference between the June 2015 CPI and the June 2016 CPI and become effective in September 2016. If the contract price is fixed for three years and allows an escalation thereafter, it would be based on the difference between the June 2017 CPI and the June 2018 CPI and become effective September 2018.

The Consumer Price Index is published around the middle of each month for the prior month (i.e. the January figure is not published until mid-February). The Contractor has the sole responsibility to request, in writing, a rate adjustment. This request must be received at the below address within three months of the base month. As long as the request is submitted and received within the required time frame, the adjustment will be processed using the base month Consumer Price Index. Once approved, the Contractor will be notified in writing. Contractor shall not submit revised invoices until such notification, at which point an invoice may be submitted for any retroactive difference owed.

Requests must be sent to:

NYS Office of General Services
Financial Administration, Contract Unit
Corning Tower, 32nd Floor, Empire State Plaza,
Albany, New York 12242.

Should a Contractor fail to submit their request, to the proper location, within three months of the applicable base month date, Contractor shall be deemed to have waived their right to any increase in price, but the State shall not be barred from making the appropriate adjustment in the case of a decrease determined in accordance with the above methodology.

3.6 Method of Payment

For purposes of this contract, payment will be made in arrears. Invoices shall be submitted to the OGS Business Service Center – Accounts Payable Unit after completion and acceptance of the specified service.

Invoices will be processed in accordance with established procedures of the Office of General Services and the Office of the State Comptroller (OSC) and payments will be subject to the prompt payment provisions of Article XI-A of the New York State Finance Law.

Each invoice must contain the Contract ID number (i.e.: OGS01-C00XXX-1140000) and identify building location, work performed and pricing in accordance with contract amounts.

Invoices without the above stated information will be returned to Contractor to be completed as required in the paragraph above. Payment will not be due or owing until a corrected invoice is received and approved by OGS.

All invoices must be submitted for payment to:

**NYS Office of General Services
Business Services Center
Accounts Payable Unit -or accountspayable@ogs.ny.gov
Empire State Plaza Station, P. O. Box 2117
Albany, New York 12220-0117**

Also, a copy of the invoice must be forwarded to the OGS Facility Manager.

3.7 Electronic Payment

Contractor shall provide complete and accurate billing invoices in order to receive payment. Billing invoices submitted must contain all information and supporting documentation required by the contract, the agency, and the State Comptroller. Payment for invoices submitted by the contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Commissioner, in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payment shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller's website at www.osc.state.ny.us/epay/index.htm, by e-mail at epunit@osc.state.ny.us, or by phone at 518-474-4032. Contractor acknowledges that it will not receive payment on any invoices submitted under this Contract if it does not comply with the State Comptroller's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.

Please note that in conjunction with New York State's implementation of a new Statewide financial system, the Office of the State Comptroller requires all vendors doing business with New York State agencies to complete a substitute W-9 form. Vendors registering for electronic payment can complete the W-9 form when they register. Vendors already registered for electronic payment are requested to go to the above website and complete the Substitute W-9 form and submit following the instructions provided.

3.8 Past Practice

The failure to exercise any right hereunder in the past shall not operate as a waiver of such right. No breach of this Agreement shall be deemed waived unless such waiver shall be in writing and signed by the party

claimed to have waived. No waiver of any breach of the Agreement at any time in the past shall constitute a waiver of subsequent breach.

3.9 Dispute Resolution

It is the policy of the Office of General Services' Financial Administration to provide vendors with an opportunity to administratively resolve disputes, complaints or inquiries related to bid solicitations or contract awards. OGS Financial Administration encourages vendors to seek resolution of disputes through consultation with OGS Financial Administration staff. All such matters will be accorded impartial and timely consideration. Interested parties may also file formal written disputes. A copy of the OGS Financial Administration Dispute Resolution Procedures for Vendors may be obtained by contacting the designated contact person identified on the front of the bid document.

3.10 Examination of Contract Documents

Each Proposer is under an affirmative duty to inform itself by personal examination of the specifications of the proposed work and by such other means as it may select, of the character, quality and extent of the work to be performed and the conditions under which the contract is to be executed.

Each Proposer shall examine specifications and all other data or instruction pertaining to the work. No pleas of ignorance of conditions that may be encountered or of any other matter concerning the work to be performed in the execution of the contract will be accepted by the state as an excuse for any failure or omission on the part of the Proposer to fulfill every detail of all the requirements of the documents governing the work. The Proposer, if awarded the contract, will not be allowed any extra compensation by reason of any matter or thing concerning which such proposer might have fully informed itself prior to proposing.

Any addendum issued prior to the proposal due date must be acknowledged by signature, dated and be submitted on or before the proposal due date with four (4) originals. In awarding a contract any addenda will become a part thereof.

Any verbal information obtained from, or statements made by, representatives of the Commissioner of General Services at the time of examination of the documents or site visit shall not be construed as in any way amending contract documents. Only such corrections or addenda as are issued, in writing, to all Proposers shall become a part of the contract.

3.11 Rules of Construction

Words of the masculine and feminine genders shall be deemed and construed to include the neuter gender. Unless the context otherwise indicates, the singular number shall include the plural number and vice versa, and words importing persons shall include corporations and associations, including public bodies, as well as natural persons. The terms "hereby," "hereof," "hereto," "herein," "hereunder," and any similar terms, as used in this IFB, refer to this IFB.

3.12 Bid Exceptions

The Issuing Office will consider all requests to waive any bid requirement. However, bidders should be aware that failure to obtain a waiver of any bid requirement in advance of bid submission will result in rejection of Bidder's bid and disqualification from the bidding process. Bidders wishing to obtain an exemption or waiver for any part of this solicitation must contact the Issuing Office in writing by the 'Questions Due Date' as identified in Key Events (Section 1.5 above). The request must cite the specific section and requirement in question, and clearly identify any proposed alternative. Requests will be considered and responded to in writing, either via addendum (if the response results in a change to the IFB), or directly to the requesting vendor.

3.13 Glossary of Terms

“**Issuing Office**” shall mean the Office of General Services Division of Financial Administration.

“**Contractor**” shall mean a successful company awarded a contract pursuant to this IFB.

“**Invitation for Bid**” or “IFB” shall mean this document.

The “**State**” shall mean The People of the State of New York, which shall also mean the New York State office of General Services.

“**Commissioner**” shall mean the Commissioner of General Services or duly authorized representative.

“**Offeror**” or “**Bidder**” shall mean any person, partnership, firm, corporation or other authorized entity submitting a bid to the State pursuant to this IFB.

END OF SECTION 3

4. Scope of Work

4.1 Scope of Work– General

The State has attempted to identify every major unit of electrical distribution equipment which will require inspection, testing, maintenance and/or repairs/replacements. The equipment is located at the following locations:

	Date Last Inspection &Testing Preformed
Binghamton State Office Building , 44 Hawley Street, Binghamton, NY 13901	September-09
Dulles State Office Building , 317 Washington Street, Watertown, NY 13601	February-10
Henderson-Smith State Office Building , 107 Broadway, Hornell, NY 14843	August-15
Homer Folks Facility , 28 Hill Street, Suite 327, Oneonta, NY 13820	March-15
Mahoney State Office Building , 65 Court Street, Buffalo, NY 14202	July-11
Senator Hughes State Office Building , 333 E. Washington Street, Syracuse, NY 13202	August-02
Utica State Office Building , 207 Genesee Street, Utica, NY 13501	December-11

Contractor’s work will be performed in accordance with equipment manufacturer recommendations, applicable codes, rules, and regulations, the latest edition of the Maintenance Engineering Handbook, historical data, and/or as directed by the Office of General Services. The equipment for each location are listed in **Exhibit A**.

4.2 Description of Major Components/Parts

The list of major components/parts for each building to be serviced by the contract is found in Exhibit A of this document.

Note: The order of the equipment to be serviced is subject to change at the discretion of the Office of General Services.

4.3 Service Requirements

4.3.1 General Requirements

As base bid, Contractor(s) shall provide all labor, material, equipment, and all other ancillary cost required to annually service every piece of equipment which requires inspection, testing, maintenance and corrective repairs. Repairs, replacement parts, and emergency services shall be compensated as additional services. Details of service not explicitly stated in these specifications, but necessarily attendant thereto, is deemed to be understood by the Contractor as included herein. Contractor(s) shall develop a complete inventory of all equipment associated with systems covered under this solicitation and shall document required inspection and testing, maintenance and/or repairs and frequencies thereof, when service was performed, and what type of service was performed on each piece of equipment. This reporting document shall be a

continuous “fluid” document and shall be updated each time work is performed on the equipment/systems. The report format shall be preapproved by the OGS Director of Utilities Management or his/her designee, the OGS Regional manager and the OGS Facility manager. The information contained in the report shall be the property of the OGS.

1. The contractor shall whenever possible perform all work / testing, Maintenance and repairs as to not interrupt the normal daily operations of the facility. If normal power needs to be shut down for work / testing to be performed the contractor will be required to perform such work during off hours. The scheduling of such work will need to be coordinated and approved by the OGS facility manager.
2. Preventive maintenance shall be provided for entire system components as generally described and which includes but is not limited to the following services:
 - Checking performance of all systems and components.
 - Examining adjusting, calibrating and cleaning all system components.
 - Lubrication as required.
 - Performing all services to keep the systems operating.
 - All Preventive Maintenance recommended/required by the equipment manufacturer must be performed. Master records of such maintenance schedules shall be kept by the Contractor and adhered to. An initial draft copy of the maintenance schedule shall be provided to the Director of Utilities Management or his designee, the OGS Regional Manager, and the OGS Facility Manager within two months after award of contract. All preventative maintenance services must be performed off regular business hours.
3. The Contractor shall have in his possession the manufacturer’s specified maintenance and repair procedures and complete parts list for all equipment to be maintained and produce same when requested.
4. It will be the Contractor’s responsibility to obtain specific literature for each piece of equipment and to develop equipment specific forms that detail the preventive maintenance. These forms and schedules are subject to approval by OGS Director of Utilities Management or his/her designee, the OGS Regional Manager, the OGS Facility Manager and must be submitted within sixty (60) days after commencement of the contract. Once initial approval is obtained, these forms shall be filled out as work is performed including but not limited to emergency repair service work, and shall be submitted to the Director of Utilities Management or his/her designee ,the OGS Regional Manager, and the OGS Facility Manager, as a permanent record.
5. It is expected that the Contractor will inventory the equipment prior to submitting the bid. It is required that the Contractor will perform all maintenance and inspections on the equipment in accordance with the recommendations for frequency and procedure according to applicable laws, codes and standards including but not limited to manufacturers recommendations.
6. It is the intent of these specifications to insure that all maintenance is completed in every respect annually. The Contractor understands that details of service not explicitly stated in these specifications, but are necessarily attendant thereto, are included herein.
7. Contractor shall be compensated as “Additional Services” for costs associated with testing, repairs or replacement parts necessitated by proven negligence or misuse by persons other than the Contractor and/or as a result of acts of God and/or for modifications or alterations to the system(s). Such repairs or replacement parts shall be paid for at the time and materials rate bid. No such test, repairs or replacement parts shall be made unless previously authorized in writing by the OGS Real Property Management Group Director or his/her designee. If Contractor performs work and is expecting to be compensated as “Additional Services” without prior authorization as defined herein, Contractor understands that Contractor is acting at his/her own risk and may not be additionally compensated for such work. The State retains the right to accomplish such repairs and/or replacement parts or modifications by other means, such as competitive bidding, if deemed in the best interest of the State.

8. The Contractor is responsible for notifying the Director of Utilities Management or his/her designee, the OGS Regional Manager, and the OGS Facility Manager of the existence or development of any defects in, or repairs required to, any systems included in this scope of work, which it does not consider to be its responsibility under the terms of the contract resulting from this solicitation. The Commissioner reserves the right to make the final determination concerning the responsibility for such defects, corrections, or repairs.

4.3.2 Inspection and Testing Work Elements:

The work elements listed herein shall be completed on all designated components. Other tests, checks, and maintenance events specifically required by the manufacturer's instructions shall also be conducted and reported.

Inspection and Testing Requirements:

Note: The following designated equipment should be inspected wherever applicable:

- Fuses in fused switches should be inspected for any signs of damage or problems.
- Cable and wire supports and connections should be inspected for wear or other problems.
- Heaters in switchgear should be inspected and tested for proper operation.

4.3.3 Switchgear Equipment and Circuit Breakers - Medium Voltage

1. Compare switchgear, breaker and device nameplate information with the owner's single-line diagram when available and report discrepancies.
2. Inspect equipment and each breaker and report damage or loose material and in the case of a contamination situation that must be corrected, clean where appropriate.
3. Inspect equipment location and report any unfavorable environmental conditions that must be corrected. (Excessive moisture, conducting dust, etc.).
4. Check equipment for level, security to foundations and operation of doors. Report conditions that must be corrected.
5. Inspect the insulation system on the primary bus and assemblies. Report unfavorable conditions. Test insulation on each bus, phase-to-phase and phase-to-ground with suitable megohmmeter. Record values and report deficiencies.
6. Test insulation of all control and relay circuits to ground with a suitable megohmmeter. Take suitable precautions where electronic devices, instruments and instrument transformers are involved. Record deficiencies and adjust where appropriate.
7. Operate drawout devices and racking mechanism, manually and electrically (where appropriate), check operation of shutters and interlocks. Report deficiencies and adjust where appropriate.
8. Remove protective enclosures from each breaker, operate breakers manually and check operation of auxiliaries, interlocks, and contact wipe and gap clearances as identified in the manufacturer's instructions. Test each pole of each breaker phase-to-ground and phase-to-phase with a megohmmeter. Record values, report deficiencies, clean dress contacts and adjust where appropriate.
9. Insert breakers into positions and check positioning, operation of racking mechanism and interlocking, both mechanically and electrically. Report deficiencies, adjust where appropriate.
10. Energize the control busses, make polarity and voltage checks. Operate each breaker through all control stations. Operate all relay, sensor and interlocking contacts manually to test

- operation of all circuits related to tripping of each breaker. Report deficiencies, adjust where appropriate.
11. Calibrate each protective relay per manufacturer's specification using current sources that do not require correction curves to compensate for wave shape distortion, adjust to settings furnished by owner. Record values, clean where appropriate.
 12. Test each instrument and meter for proper operation, correct rotation and circuitry. Instruments and meters energized from Instrument Transformer shall be tested at transformer secondary level. Report deficiencies, clean where appropriate.
 13. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.4 Transformer Substation Type - Medium Voltage

1. Compare transformer and accessories nameplate information with the owner's single-line diagram (when available) and report discrepancies.
2. Inspect transformer and accessories and report damage, loose material, shipping blocks or contamination that must be corrected, clean where appropriate.
3. Inspect installation location and report any unfavorable environmental conditions that must be corrected.
4. Check transformer for level, security to foundation and operation of doors. Report conditions that must be corrected and adjust where appropriate.
5. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
6. Test insulation of all control and relay circuits to ground with a suitable megohmmeter. Record values and report deficiencies.
7. Check pressure relief, fault pressure relays, temperature relays, and meters for functional operation and correct wiring. Report deficiencies, clean and adjust where appropriate.
8. Move no-load tap changer through all positions and test turns-ratio on each point. Record values and report deficiencies, set on appropriate tap.
9. Take an insulating liquid sample, test dielectric, and water content. Record values and report deficiencies.
10. Remove access covers and report any damage or loose materials inside of tank that must be corrected.
11. On LTC units, report loose or damaged parts that must be corrected. Operate through all positions manually to assure smooth operation. Operate with control switch, testing operation of limit switches, dynamic braking, position indicator, counters, and automatic features. Report deficiencies. Adjust control to values listed on the owner's single-line diagram (when available).
12. Power factor test transformer bushings, record values and report unfavorable conditions.
13. On forced cooled units, check fans and pumps for proper connection, rotation, and automatic operation. Report deficiencies.

14. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.5 Switchgear Equipment and Breakers - Low Voltage

1. Compare switchgear, breaker and device nameplate information with the owner's single-line diagram (when available) and report discrepancies.
2. Inspect the equipment and each breaker and report damage, loose material, contamination that must be corrected, clean where appropriate.
3. Inspect installation location and report any unfavorable environmental conditions that must be corrected.
4. Check equipment for level, security to foundations, and operation of doors and drawout devices. Report conditions that must be corrected.
5. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
6. Inspect the overall bus assembly, control and meter wiring. Report unfavorable conditions. Test insulation of each bus phase-to-phase and phase-to-ground and all control circuits to ground with a suitable megohmmeter. Record values, report deficiencies and clean where appropriate.
7. Check control and heater voltage to assure conformance with requirements. Report discrepancies.
8. Check any integral breaker lifting devices for proper operation. Report deficiencies and adjust when appropriate.
9. Insert breaker into positions and check positioning, operating of racing mechanism and interlocks. Operate breakers manually and check and adjust main and auxiliary contacts. Test each pole of each breaker for conductivity with a micrometer. Test insulation of each breaker phase-to-phase and phase-to-ground with a suitable megohmmeter. Record values and report deficiencies, clean dress contacts and adjust where appropriate.
10. Energize the control bus and operate breakers electrically, when appropriate, operate each breaker through all control stations. Operate all relays and interlocks manually to test operation of all circuits. Report deficiencies, clean and adjust where appropriate.
11. Adjust all breaker trips and relays to settings furnished by the owner and verify settings versus manufacturer's curves by passing controlled current throughout the trip devices. Record values and report deficiencies.
12. Test each instrument and meter for proper operation, correct rotation and circuitry. Instruments and meters energized from Instrument Transformers shall be tested at transformer secondary level. Report deficiencies.
13. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.6 Transformers - Load Center Type - Low Voltage

1. Compare the transformer and accessories nameplate information with the owner's single-line diagram (when available) and report discrepancies.
2. Inspect transformer, primary disconnect switch (if furnished) and report damage, loose materials, or contamination that must be corrected; clean and adjust where appropriate.
3. Inspect installation location and report any unfavorable environmental conditions that must be corrected.
4. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
5. Check pressure relief, fault pressure and temperature relays and meters for functional operation. Report deficiencies, clean and adjust where appropriate.
6. Move no-load tap changer through all positions and test turns ratio on each tap. Record values, report deficiencies and set on appropriate tap.
7. On liquid filled units, take an insulating sample. Test dielectric and water content. Record values and report deficiencies.
8. Remove access covers and report any damage or loose materials inside of tank that must be corrected.
9. Power factor test transformer high voltage bushings and record values and report unfavorable conditions.
10. High voltage switches (if furnished) shall be tested for operation and adjustment. Test insulation quality of switch phase-to-phase and phase-to-ground with megohmmeter. Record values and report conditions that must be corrected, clean and adjust where appropriate.
11. Test insulation of all control circuits to ground with a suitable megohmmeter. Record values and report deficiencies.
12. Check key interlocks when furnished.
13. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.7 Switchboards and Molded-Case Breakers

1. Compare switchboard and breaker nameplate information with the owner's single-line diagram (when available) and report discrepancies.
2. Inspect equipment and each breaker and report damage, loose material, contamination or unfavorable environmental conditions that must be corrected; clean where appropriate.
3. Check equipment for operation of doors, security of mounting. Report deficiencies.
4. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.

5. Inspect the bus assembly for deficiencies. Test insulation of each bus phase-to-phase and phase-to-ground with a suitable megohmmeter. Record values and report deficiencies; clean where appropriate.
6. Inspect each breaker, operate manually, and electrically where appropriate, test shunt trips, under voltage or alarm devices manually and electrically, test insulation of each pole with suitable megohmmeter. Record values and report deficiencies, clean dress contacts and adjust where appropriate.
7. Adjust breaker trips (when possible) to settings furnished by the owner and verify settings of the manufacturer's rating by passing controlled current through the trip devices. Record values and report deficiencies.
8. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.8 Operator Control and Relaying Panels – Benchboards

1. Compare all items on the owner's single-line diagram (when available) with the panels or benchboards furnished and report discrepancies.
2. Inspect the panels and devices and report damage, loose materials, or contamination that must be corrected. Test hinged panels and doors for proper operation. Report conditions that must be corrected.
3. Inspect installation location and report any unfavorable environmental factors that must be corrected. Test hinged panels and doors for proper operation. Report conditions that must be corrected.
4. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
5. Test insulation of all control and relay circuits to ground with a suitable megohmmeter. Take suitable precautions where electronic devices, instruments, and instrument transformers are involved. Record values and report deficiencies.
6. Adjust each protective relay to settings furnished by the owner and verify settings using test equipment approved by the relay manufacturer and using current sources that do not require correction curves to compensate for wave shape distortion. Record values, clean where appropriate.
7. Test each instrument and meter for proper operation. Instruments and meters energized from Instrument Transformers shall be tested at transformer secondary level. Report deficiencies, clean where appropriate.
8. Functionally check equipment under simulated operating conditions (when possible) to test circuits to outgoing terminal blocks. Report conditions that must be corrected.
9. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.9 Motor Control Centers and Combination Starters - Low Voltage

1. Compare the control center, starter, breaker and fuse nameplate information with the owner's single-line diagram (when available) and report deficiencies.
2. Inspect the equipment and each starter and report any damage, loose material, or contamination that must be corrected; clean and adjust where appropriate.
3. Inspect the installation location and report unfavorable environmental conditions that must be corrected.
4. Check equipment for level, security to foundations, operation of doors and hinged panels. Report conditions that must be corrected.
5. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
6. Inspect insulation of the bus and assemblies. Test insulation of the bus phase-to-phase and phase-to-ground and all control circuits to ground with a suitable megohmmeter. Record values, report deficiencies and clean where appropriate.
7. Check operation of each switch or breaker in each starter manually. Test door interlocking. Test insulation of each unit phase-to-phase and phase-to-ground with a suitable megohmmeter. Record values and report deficiencies.
8. Check each contractor and thermal overload for proper coil size and proper operation. Check operation of auxiliary contacts. Report deficiencies, clean where appropriate.
9. Check and test all field application and motor protective relays in accordance with the manufacturer's instructions. Record values and report conditions that must be corrected; clean and adjust where appropriate.
10. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.10 Busways and Power Cables

1. Compare busway nameplate, information and cable identification numbers with the owner's single-line diagram (when available) and report discrepancies.
2. Inspect all busway and cables (where possible) and report damage, contamination or unfavorable environmental conditions that must be corrected; clean where appropriate.
3. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
4. Inspect the insulation on the buses. Test insulation of each bus phase-to-phase and phase-to-ground with a suitable megohmmeter. Record values and report deficiencies; clean where appropriate.
5. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.11 Rotating Apparatus - Motors, Motor-Generator Sets

1. Compare machine nameplate information with the owner's documentation (when available) and report discrepancies.
2. Inspect each motor or motor-generator set and report damage, contamination or unfavorable environmental conditions that must be corrected; clean where appropriate.
3. Visually check frame for proper ground and record size and type of ground straps. When appropriate, check that bearing insulation systems are functioning as required. Report conditions that must be corrected; clean where appropriate.
4. Test insulation of motor stators with a suitable megohmmeter for one minute (normalizing to the base temperature). Record values and report conditions that must be corrected.
5. Check slip rings, brushes and brush rigging for damage, contamination, loose connections and setting. Report conditions that must be corrected; clean and adjust where appropriate.
6. Check exciters and voltage regulators for proper operation. Report conditions that must be corrected; clean and adjust where appropriate.
7. Check winding temperature detectors, bearing temperature relays and overspeed devices for proper operation. Report deficiencies; clean where appropriate.
8. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.12 Optional Work Elements That May Be Requested

1. Over potential test the motor and generator windings in accordance with manufacturer's instructions and the applicable industry standard. The owner, prior to conducting test, shall confirm voltage levels and time. Record values and report deficiencies.
2. Power factor test all motor and generator windings. Record values and report unfavorable conditions.

4.3.13 System Ground

1. Depending on site of ground system, use appropriate method (full potential, slope, and intersection) to measure ohmic value of ground system to earth. Record values and report deficiencies.
2. Verify all equipment ground terminations with respect to prime point used to establish ohmic value in No. 10.1 above. Record values and report deficiencies.
3. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.14 Oil Circuit Breaker

1. Compare the circuit breaker nameplate information with the owner's single-list diagram (when available) and report discrepancies.

2. Inspect each breaker and report damage, loose material, or contamination that must be corrected; clean where appropriate.
3. Inspect equipment location and report any unfavorable environmental factors that must be corrected.
4. Check equipment for level, security to foundation, operation of doors and all items field assembled and report conditions that must be corrected.
5. Visually check the equipment ground and record the number and size of ground bus and straps. Report deficiencies.
6. Check heaters (where used) for operation, size and connections. Report deficiencies.
7. Take an oil sample, test dielectric and neutralization. Record values and report deficiencies.
8. Power factor test each breaker bushing and record values and report unfavorable conditions.
9. Verify all electrical and mechanical adjustments and measurements of breaker and operating mechanism. Record values and report deficiencies.
10. Operate breaker electrically, conduct time-motion tests per manufacturer's specifications. Test air tank for number of operations without compressor. Record values, report deficiencies and adjust where appropriate.
11. Affix an inspection sticker or inspection tag in an appropriate place so that it will be conspicuous to all authorized personnel. This inspection notice must include but is not limited to Company Name, Company Telephone Number, Date of Last Inspection and Inspectors Name printed legibly and also signed.

4.3.15 Air Circuit Breakers; (240 to 15,000 Volts)

1. Remove from cubicle and operate electrically.
2. Remove arc chutes, clean and inspect.
3. Check arc splitter grids and ceramics.
4. Inspect breaker for defects or damage.
5. Check primary bushings and finger clusters.
6. Check contact alignment, over travel and contact pressure.
7. Inspect contacts for proper mating, alignment and burning.
8. Check operating mechanism for friction, excessive wear and defective parts.
9. Check manual close, latch and trip operation.
10. Lubricate where necessary.
11. Megger pole-to-pole and pole-to-frame.
12. Additionally on 15KV breakers > Ductor test, (micro-ohms) of closed circuit breaker main contacts
13. Additionally on 15KV breakers > Check primary and secondary contact wipe per equipment O & M manuals

14. Trip test breaker in cell test position from associated protective relays to insure both the integrity of the wiring and that breaker functions properly in the switchgear cell.

4.3.16 Vacuum Circuit Breakers; (240 to 15,000 Volts)

1. Remove from cubicle and operate electrically.
2. Inspect breaker for defects or damage.
3. Check primary bushings and finger clusters.
4. Check contact alignment, over travel and contract pressure.
5. Check operating mechanism for friction, excessive wear and defective parts.
6. Lubricate all moving parts.
7. Check manual close, latch and trip operation.
8. Megger pole-to-pole and pole-to-frame.
9. Test integrity of vacuum bottles.
10. Trip test breaker in cell test position from associated protective relays to insure both the integrity of the wiring and that breaker functions properly in the switchgear cell.
11. Inspect tracking device.

4.3.17 Switchgear; (480 and 208 Line Voltage)

1. Clean switchgear enclosures inside and outside.
2. Inspect all exposed current carrying parts; bus, cable, wire and with special attention to bolted joints and terminations. Look for signs of overheating, corrosion or distress and tighten any loose bolts.
3. Inspect and functionally check all control devices, associated wiring, control and instrument transformers, interlocks, safety devices and shutters or safety barriers. Lubricate moving parts as required.
4. Clean and inspect all insulation details. Particular attention is given to porcelain bushings, insulators, bus supports and/or "bottles" for cracking or chipping.
5. Clean and inspect or levering mechanism to insure smooth trouble free operation. Remove any hardened lubricated. Re-lubricate as required.

4.3.18 Protective Relays

1. Mechanical Checks:
 - Relays and instruments will be removed and benched and the cover will be inspected for broken glass.
 - Relays and instruments will be inspected and cleaned of dust, iron filings or other foreign objects.
 - Relay operation and contacts will be inspected.
 - All connections will be tightened.
 - Perform relay function test on all relays to ensure integrity of wiring and that the breakers will operate as required in their related switchgear cell

2. Electrical Checks:
 - Zero time dial will be checked.
 - Minimum pick-up will be established.
 - Timing checks will be made at 300% and 500%.
 - Instantaneous pick-up will be found and target operation will be inspected.
 - Seal-in pick-up points will be found.
 - Relay settings shall be changed, if requested, in cases where Protective Relay Coordinator Study supplied by the customer indicates the need for change in relay settings. Otherwise, it shall be insured that the relay settings remain unchanged. If any obvious incorrect settings are noticed it shall be immediately brought to the attention of the Director of Albany Utilities.

4.3.19 Transformers

Westinghouse Relay Test Set, Model No. SR-51 or approved equal shall be used for testing of transformers:

1. Oil testing of Transformers and Primary Switches

Description	Standard
Dielectric Breakdown Voltage	ASTM D-877
Neutralization Number	ASTM D-974
Interfacial Tension	ASTM D-974 or D-2285
Power Factor	ASTM D-924 @ 25C
Moisture Content	ASTM D-1533
Color	ASTM D-1500
Visual Examination	ASTM D-1524
Specific Gravity	ASTM D-1298
Dissolved Gas Analysis	ASTM D-3612 or ANSI/IEEE C57.104
Total Combustible Gas	ASTM D-3284 or ANSI/IEEE C57.104
Power Factor	ASTM D-924

Note: The Dissolved Gas Analysis and Total Combustible Gas tests are not required for oil samples taken from primary oil switches.

2. Contractor will install and setup new electric type relays that replace master/phasing and time delay relays. Relays to be furnished by the OGS.
3. Transformer Testing of Main Power Transformers
 - Perform insulation power factor test on windings and bushings.
 - Perform individual excitation current test on each phase.
 - Perform winding resistance test on each winding in final tap position.
 - Perform percent of oxygen test on nitrogen blanket.
 - Perform an urn ratio test between winding to winding and windings to ground.
 - Calculate dielectric absorption ratio and polarization index.
 - Correct all test values using temperature correction factors.
 - Check transformer for proper grounding.
4. Transformer Oil
 - The transformer will be given a thorough external inspection; the condition of all gauges, fan controls, temperature relays and other devices will be noted.
 - Turns ratio test of high voltage to low voltage winding.
 - Insulation resistance test from high voltage winding to ground, low voltage winding to ground, and high voltage winding to low voltage winding. A time resistance (dielectric absorption) and step voltage test will also be performed on each of these connections.
5. Tap Changer Oil
 - Load tap changing compartment shall be drained into clean dry barrels and the compartment opened for inspection.
 - Contacts shall be checked for burning, pitting, freedom of movement and positive alignment.
 - All parts should be inspected for condition, adjustment and proper operation. Minor adjustments shall be made as necessary.
 - The compartment shall be cleaned thoroughly, the mechanism checked electrically and the tap position indicator checked for proper positioning. The cover gasket shall be inspected for continued serviceability versus future replacement.
 - The existing oil, unless otherwise noted, shall be pumped into the tap changer compartment through a filter press and then tested for dielectric strength. Values of less than acceptable strength shall be so noted in the report. Disposal of any oil or debris is excluded unless specifically addressed otherwise.
 - If additional work such as changing contact or repairing parts is required, standard time and expenses would be charged in addition to the above.

4.3.20 Network Protectors

1. All network protectors shall be disassembled to perform the following:
 - Inspected for broken or missing lock washers, cotter pins, and springs. All hardware shall be inspected for tightness and electrical control connections shall be inspected for loose or broken connections and damaged insulation.
 - Arc changers shall be removed and checked for broken or missing parts.
 - Contact shall be checked for burning, pitting, alignment, pressure, and contact sequence.
 - Perform Ductor test, (micro-ohm), of network protector main primary contacts

- Parts shall be lubricated with manufacturer's specified lubricant.
 - Parts shall be cleaned as recommended by manufacturer.
 - Parts shall be vacuumed clean.
 - Parts shall be checked for electrical and mechanical clearances.
 - Adjustments shall be made where necessary.
 - Clearances shall be recorded as found.
 - Final clearances and adjustments shall be recorded.
 - Cubicle shall be cleaned.
 - Megger insulation quality.
2. Unit shall be installed in cubicle.
 3. Network protectors shall be operated mechanically.
 4. Network protectors shall be operated electrically.
 5. All electrical connections shall be checked.
 6. All controls shall be checked.
 7. All bus bar connections shall be checked and all bus bar ducts shall be cleaned.
 8. Ground connections shall be checked.
 9. Main relays shall be cleaned, tested, inspected for proper settings as previous.
 10. Network protectors shall be operated through all parameters with Network protector test set.

4.3.21 Westinghouse Network Protector

Test Kit No. WT-450 or approved equal shall be used for the following mechanical/electrical checks:

1. Mechanical Checks:
 - Relays and instruments will be removed and benched and the cover will be inspected for broken glass.
 - Relays and instruments will be inspected and cleaned of dust, iron filings, or other foreign objects.
 - Relay operation will be inspected.
 - All connections will be tightened.
2. Electrical Checks:
 - Zero time dial will be checked.
 - Contractor Minimum pickup will be established.
 - Timing checks will be made at 300% and 500%.
 - Instantaneous pickup will be found and target operation will be inspected.
 - Seal-in pickup points will be found.
 - Relay settings shall be changed, if requested, in cases where protective Relay Coordination Study supplied by the customer indicates the need for change in relay settings. Otherwise, it shall be insured that the relay settings remain unchanged. If any obvious incorrect settings are noticed by Contractor it shall be immediately brought to the attention of the customer's personnel and no changes shall be made unless authorized by the customer.

4.3.22 Work to be performed by the State

The State will:

1. Make the equipment available, including removal from services as required to permit continuous progression of work.

2. Provide the services of a Coordinator of Plant Electrical Engineer, who will assist the Contractor in developing an organized sequence of work.
3. The State shall provide, or authorize the Contractor to obtain a source of auxiliary power for operation of test apparatus and motorized equipment when normal power is removed.
4. Maintain power to vital or necessary equipment or processes is the responsibility of the State. This should be determined well in advance and provisions made for temporary AC or DC power so as not to interfere with these services.

4.4 Parts and Device Inventory

Contractor shall have at his/her disposal sufficient replacement parts and devices to satisfactorily maintain each system described herein in order to prevent periods of inoperability of any equipment or system. The Contractor will be expected to maintain an inventory of the appropriate size, type, model, etc., of parts and devices.

4.5 Operations Standards

1. The contractor agrees to provide all necessary equipment and services necessary to comply with all requirements of this solicitation and agrees to perform all the duties in accordance with the standards and qualifications outlined herein.
2. OGS Real Property Management Group reserves the right to make final determination regarding any services that may or may not be covered through this solicitation.
3. There is no minimum or maximum guaranteed amount of work from this solicitation.
4. Bidder shall be advised that the Contractor will be responsible for providing all resources necessary for the safe and efficient execution of this contract.
5. Any services shall be subject to inspection by the State of New York at any time.

4.6 Emergency Service

1. The successful bidder shall provide emergency service on an “as required basis.” Emergency service shall be considered calls in addition to the scheduled maintenance. Contractor shall be compensated as “Additional Services”.
2. All labor, travel costs, parts and supplies will be the responsibility of the Contractor. Compensation shall be limited to payment of the appropriate labor rate for time actually spent on the repairs and parts, for which the State will reimburse the Contractor at the exact cost plus material markup. Travel time/expenses are the responsibility of the vendor and will not be reimbursed.
3. Emergency service shall be provided, as needed on a twenty-four (24) hour, seven (7) days a week basis. To ensure the State that the Contractor will respond promptly, the Contractor agrees to provide an emergency telephone service on a twenty-four (24) hour, seven (7) days a week basis. From the time of the call by OGS, the Contractor has a maximum of one (1) hour to respond to this call.

4.7 Staffing Expectations

All personnel provided, shall have adequate experience, training and license, if applicable, for the function(s) being performed. If OGS determines that the personnel provided are not of adequate experience, then OGS has the right to request, and the contractor shall provide satisfactory substitute personnel.

4.8 Security Procedures

Please note locations may have security policies which must be followed. The Contractor will work with the OGS Facilities Managers Office to obtain necessary clearances. Contractor may be required to provide information such as, but not limited to, the company name, the employee's name (as it appears on ID), valid driver license number, vehicle make, model and license plate, etc. to the OGS Facility Managers Office.

4.9 Administrative and Reporting Requirements

The Contractor will be responsible for the completion of a variety of administrative and reporting requirements, and the cost of same shall be included in the monthly bid.

It is expected that the contractor shall maintain accurate records and accounts of the services rendered regarding any event and also shall be responsible for all payroll functions in connection with this bid.

During the term of any contract resulting from this solicitation, the Contractor shall maintain a designated officer or employee as its representative for contact with the State and for all communication and transactions relating to the contract.

The Commissioner's designated representative for all purposes of this contract shall be the Facility Manager.

Upon award of the contract and prior to the start of any work, the Contractor shall be available for an initial job meeting with the Facility Manager. This meeting shall include:

- A review of all facility use rules.
- An introduction for each respective organization, chain of command, etc.

Unless otherwise directed, there shall be monthly job meetings for the following purposes:

- Review quality of work, Identify and resolve problems,
- Coordinate the efforts of all concerned maintain a sound working relationship between the Contractor and the Facility Manager, and a mutual understanding of the contract.
- Maintain sound working procedures.

Unless otherwise directed, the Contractor shall provide a monthly report to the Facility Manager. This report shall detail all work completed that month. The report format shall be preapproved by the Facility Manager.

4.10 Additional Services

Additional Services (repairs, upgrades, any work performed by subcontractors other than for base scope services, etc.) shall only be performed when pre-approved in writing by the Assistant to the Director OGS Real Property Management Group, and shall be compensated at the Time and Materials rates bid, provided, however, that any subcontractor work shall be reimbursed at actual cost with the markup thereon being limited to five percent (5 %) of the actual cost. Further, in no case shall the amounts paid to all subcontractors (exclusive of any M/WBE subcontracted work as established in the approved utilization plan) during the Contract term exceed ten percent (10%) of the total contract amount. The following process shall apply:

The contractor shall prepare a quote for the facility manager. For Additional Service work performed by Contractor's on-site staff, the quote must detail the scope of services, proposed timeline for completion, number of hours times hourly rate bid, materials times % markup bid, and any other information or options that the state should consider. If subcontractors are to be used, the process detailed in the Subcontractors clause herein must be followed.

The facility manager will request approval from the Assistant to the Director OGS Real Property Management Group. Upon approval, a letter authorizing the work will be issued. A copy of the authorization letter must accompany the invoice for any Additional Services.

4.11 Prevailing Wage Rate Advisory Notice

Contractors are reminded that the payment of prevailing wages and supplements is a requirement of ALL contracts for public works. Information indicating that prevailing wages are not being paid on a public works project will be forwarded to the New York State Department of Labor for investigation. Willful violations of the prevailing wage provisions of the Labor Law may result in debarment from the bidding and award of public contracts. NOTE: ALL PUBLIC WORKS CONTRACTS, REGARDLESS OF DOLLAR VALUE, REQUIRE THE PAYMENT OF PREVAILING WAGES AND SUPPLEMENTS.

Contractors are required to supply each of their subcontractors with copies of the prevailing rate schedule and to obtain an affidavit acknowledging receipt and agreeing to pay required wages before entering into a subcontract. Contractors are responsible for assuring that their subcontractors pay prevailing wages and supplements. NOTE: CONTRACTORS ARE FURTHER REQUIRED TO POST THE PREVAILING WAGE RATES AT THE WORK SITE ON BULLETIN BOARDS PROVIDED BY THE FACILITY MANAGER AND INFORM EMPLOYEES OF THE POSTING. FACILITY MANAGERS WILL ENFORCE THIS PROVISION.

Contractors are advised that the Office of General Services may make random inquiries of employees of both prime and subcontractors as to the rate of wages being paid and may request certified copies of one or more weekly payrolls of a contractor or any subcontractor to verify proper payment of wages.

Any discrepancy found in information supplied will be reported to the Department of Labor for investigation.

DOL Article 9 – Prevailing Rate Case Number PRC# 2015006804 has been assigned to the project.

END OF SCOPE OF WORK SECTION 4

5. Contract Clauses and Requirements

5.1 Appendix A / Order of Precedence

Standard Clauses for New York State Contracts, dated January 2014, attached hereto, is hereby expressly made a part of this solicitation document as fully as if set forth at length herein. The agreement resulting from a successful award will include the following documents. Conflicts between these documents will be resolved in the following descending order of precedence:

1. Appendix- A
2. Contract (Sample attached as Appendix D of this IFB)
3. OGS Invitation For Bid Number 1783 (This Document) Including any addenda
4. Selected Contractor's Bid

5.2 Procurement Lobbying Requirement

Pursuant to State Finance Law §§139-j and 139-k, this solicitation includes and imposes certain restrictions on communications between OGS and an Offerer/Bidder during the procurement process. An Offerer/Bidder is restricted from making contacts from the earliest notice of intent to solicit offers/bids through final award and approval of the Procurement Contract by OGS and, if applicable, the Office of the State Comptroller ("restricted period") to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j (3) (a). Designated staff, as of the date hereof, is identified on the first page of this solicitation. OGS employees are also required to obtain certain information when contacted during the restricted period and make a determination of the responsibility of the Offerer/Bidder pursuant to these two statutes. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period; the Offerer/Bidder is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found on the OGS website:

<http://www.ogs.ny.gov/aboutOgs/regulations/defaultAdvisoryCouncil.asp>

5.3 Contractor Insurance Requirements

Prior to the commencement of the work to be performed by the Contractor hereunder, the Contractor shall file with The People of the State of New York, Office of General Services (hereinafter referred to as "OGS"), Certificates of Insurance (hereinafter referred to as "Certificates"), evidencing compliance with all requirements contained in this Section. Such Certificates shall be of a form and substance acceptable to OGS.

Certificate acceptance and/or approval by OGS does not and shall not be construed to relieve Contractor of any obligations, responsibilities or liabilities under the Contract.

All insurance required by the Contract shall be obtained at the sole cost and expense of the Contractor; shall be maintained with insurance carriers licensed to do business in New York State and acceptable to OGS; shall be primary and non-contributing to any insurance or self-insurance maintained by OGS; shall be endorsed to provide written notice be given to OGS, at least thirty (30) days prior to the cancellation, non-renewal, or material alteration of such policies, which notice, evidenced by return receipt of United States Certified Mail; shall be sent to Office of General Services, Financial Administration, Corning Tower, 32nd Floor, Empire State Plaza, Albany, New York 12242 and shall name The People of the State of New York, its officers, agents, and employees as additional insured's there under (General Liability Additional Insured Endorsement shall be on Insurance Service Office's (ISO) form number **CG 20 10 11 85**). The additional insured requirement does not apply to Workers Compensation, Disability or Professional Liability coverage.

The Contractor shall be solely responsible for the payment of all deductibles and self-insured retentions to which such policies are subject. Deductibles and self-insured retentions must be approved by OGS. Such approval shall not be unreasonably withheld.

The Contractor shall require that any subcontractors hired, carry insurance with the same limits and provisions provided herein.

Each insurance carrier must be rated at least "A-" Class "VII" in the most recently published Best's Insurance Report. If, during the term of the policy, a carrier's rating falls below "A-" Class "VII", the insurance must be replaced no later than the renewal date of the policy with an insurer acceptable to OGS and rated at least "A-" Class "VII" in the most recently published Best's Insurance Report.

The Contractor shall cause all insurance to be in full force and effect as of the commencement date of this Contract and to remain in full force and effect throughout the term of this Contract and as further required by this Contract. The Contractor shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages during the period of time such coverages are required to be in effect.

Not less than thirty (30) days prior to the expiration date or renewal date, the Contractor shall supply to OGS updated replacement Certificates of Insurance, and amendatory endorsements.

The Contractor, throughout the term of this Contract, or as otherwise required by this Contract, shall obtain and maintain in full force and effect, the following insurance with limits not less than those described below and as required by the terms of this Contract, or as required by law, whichever is greater (limits may be provided through a combination of primary and umbrella/excess policies):

- A. Commercial General Liability Insurance with a limit of not less than \$2,000,000 each occurrence. Such liability shall be written on the ISO occurrence form CG 00 01, or a substitute form providing equivalent coverages and shall cover liability arising from premises operations, independent contractors, products-completed operations, broad form property damage, personal & advertising injury, cross liability coverage, liability assumed in a contract (including the tort liability of another assumed in a contract) and explosion, collapse & underground coverage.
 1. If such insurance contains an aggregate limit, it shall apply separately on a per job or per project basis.
- B. Comprehensive Business Automobile Liability Insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of any automobile including owned, leased, hired and non-owned automobiles.
- C. If the work involves abatement, removal, repair, replacement, enclosure, encapsulation and/or disposal of any petroleum, petroleum product, hazardous material or substance, the Contractor shall maintain in full force and effect throughout the term hereof, pollution legal liability insurance with limits of not less than \$2,000,000 providing coverage for bodily injury and property damage, including loss of use of damaged property or of property that has not been physically injured. Such policy shall provide coverage for actual, alleged or threatened emission, discharge, dispersal, seepage, release or escape of pollutants, including any loss, cost or expense incurred as a result of any cleanup of pollutants or in the investigation, settlement or defense of any claim, suit, or proceedings against OGS arising from Contractors work.
 1. If coverage is written on a claims-made policy, the Contractor warrants that any applicable retroactive date precedes the effective date of this Contract; and that continuous coverage will be maintained, or an extended discovery period exercised, for a period of not less than two years from the time work under this Contract is completed.
 2. If the Contract includes disposal of materials from the job site, the Contractor must furnish to OGS, evidence of pollution legal liability insurance in the amount of \$2,000,000 maintained by

- the disposal site operator for losses arising from the disposal site accepting waste under this Contract.
3. If autos are used for transporting hazardous materials, the Contractor shall provide pollution liability broadened coverage for covered autos (endorsement CA 99 48) as well as proof of MCS 90.
- D. If providing professional services, the Contractor shall maintain, or if subcontracting professional services, shall certify that Subcontractor maintain, errors and omissions liability insurance with a limit of not less than \$5,000,000 per loss.
1. Such insurance shall apply to professional errors, acts, or omissions arising out of the scope of services covered by this Contract and, if the project involves abatement, removal, repair, replacement, enclosure, encapsulation and/or disposal of any hazardous material or substance, it may not exclude bodily injury, property damage, pollution or asbestos related claims, testing, monitoring, measuring, or laboratory analyses.
 2. If coverage is written on a claims-made policy, the Contractor warrants that any applicable retroactive date precedes the effective date of this Contract; and that continuous coverage will be maintained, or an extended discovery period exercised, for a period of not less than two years from the time work under this Contract is completed.
- E. Waiver of Subrogation. Contractor shall cause to be included in each of its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurer's right of subrogation against OGS, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if Contractor waives or has waived before the casualty, the right of recovery against OGS or (ii) any other form of permission for the release of OGS.
- F. WORKERS' COMPENSATION / DISABILITY INSURANCE:

Prior to any contract resulting from this RFP becoming effective, Contractor must submit proof that they have the workers' compensation and disability benefits coverage required by the New York State Workers' Compensation Law, or proof that they are legally exempt from obtaining such coverage. Proof of compliance must be demonstrated in accordance with the requirements set forth by the New York State Workers' Compensation Board (An instruction manual clarifying the Workers' Compensation Law requirements is available to download at the Workers' Compensation Board's website, www.wcb.ny.gov . Once you are on the website, click on Employers/Businesses, then Business Permits/Licenses/Contracts; from there, click on Instruction Manual for Businesses Obtaining Permits/Licenses/Contracts.) Contractor shall notify the Office of General Services, Financial Administration Contracts Unit, at least thirty (30) days prior to material change or cancellation of such coverage.

If employees will be working on, near or over navigable waters, US Longshore and Harbor Workers Compensation Act endorsement must be included.

All forms must name the Office of General Services – Financial Administration, 40th Floor, Mayor Erastus Corning 2nd Tower, Empire State Plaza, Albany NY 12242, as the Entity Requesting Proof of Coverage (Entity being listed as the Certificate Holder).

Contractor acknowledges that failure to obtain and/or keep in effect any or all required insurance on behalf of OGS constitutes a material breach of contract and subjects it to liability for damages, indemnification and all other legal remedies available to OGS. Contractor's failure to obtain and/or keep in effect any or all required insurance shall also provide the basis for OGS' immediate termination of any contract resulting from this RFP, subject only to a five (5) business day cure period. Any termination by OGS under this section shall in no event constitute or be deemed a breach of any contract resulting from this solicitation and no liability shall be incurred by or arise against the Office of General Services, its agents and employees therefore for lost profits or any other damages.

5.4 Tax and Finance Clause

TAX LAW § 5-A:

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded state contracts for commodities, services and technology valued at more than \$100,000 to certify to the Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to contracts where the total amount of such contractors' sales delivered into New York State are in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any affiliates and subcontractors whose sales delivered into New York State exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

This law imposes upon certain contractors the obligation to certify whether or not the contractor, its affiliates, and its subcontractors are required to register to collect state sales and compensating use tax and contractors must certify to DTF that each affiliate and subcontractor exceeding such sales threshold is registered with DTF to collect New York State and local sales and compensating use taxes. The law prohibits the State Comptroller, or other approving agency, from approving a contract awarded to a contractor meeting the registration requirements but who is not so registered in accordance with the law.

Contractor certification forms and instructions for completing the forms are attached to this RFP. Form ST-220-TD must be filed with and returned directly to DTF. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the contractor, its affiliate(s), or its subcontractor(s) a new Form ST-220-TD must be filed with DTF.

Form ST-220-CA must be filed with the bid and submitted to the procuring covered agency certifying that the contractor filed the ST-220-TD with DTF. Proposed contractors should complete and return the certification forms within two business days of request (if the forms are not completed and returned with bid submission). Failure to make either of these filings may render a Bidder non-responsive and non-responsible. Bidders shall take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

Vendors may call DTF at 1-800-698--2909 for any and all questions relating to Section 5-a of the Tax Law and relating to a company's registration status with the DTF. For additional information and frequently asked questions, please refer to the DTF web site: <http://www.nystax.gov>

5.5 M/WBE and EEO Requirements

CONTRACTOR REQUIREMENTS AND PROCEDURES FOR EQUAL EMPLOYMENT AND BUSINESS PARTICIPATION OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND NEW YORK STATE CERTIFIED MINORITY-AND WOMEN-OWNED BUSINESS ENTERPRISES

I. Policy Statement

The New York State Office of General Services ("OGS"), as part of its responsibility, recognizes the need to promote the employment of minority group members and women and to ensure that certified minority- and women-owned business enterprises have opportunities for maximum feasible participation in the performance of OGS contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority- and women-owned business enterprises had a full and fair opportunity to participate in State contracting. The findings of the study were published on April 29, 2010, under the title "The State of Minority- and Women-Owned Business Enterprises: Evidence from New York" (the "Disparity Study"). The Disparity Study found evidence of statistically significant disparities between the level of participation of minority- and women-owned business enterprises in State procurement contracting versus the number of minority- and women-owned business enterprises that were ready, willing and able to participate in State procurements. As a result of these findings, the Disparity Study made recommendations

concerning the implementation and operation of the Statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that OGS establish goals for maximum feasible participation of New York State certified minority- and women-owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

II. General Provisions

- A. OGS is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 140-145 (“MWBE Regulations”) for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.
- B. The Contractor agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to OGS, to fully comply and cooperate with OGS in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for New York State Certified minority- and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, State or local laws.
- C. The Contractor further agrees to be bound by the provisions of Article 15-A and the MWBE Regulations. If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.
- D. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility, breach of contract, withholding of funds, liquidated damages pursuant to clause IX of this section and/or enforcement proceedings as allowed by the Contract.

III. Equal Employment Opportunity (EEO)

- A. Contractor shall comply with the provisions of Article 15-A set forth below. These provisions apply to all Contractors, and any subcontractors, awarded a subcontract over \$25,000, for labor, services, including legal, financial and other professional services, travel, supplies, equipment, materials, or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting State agency (the “Work”) except where the Work is for the beneficial use of the Contractor.
 - 1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.
 - 2. By entering into this Contract, Contractor certifies that the text set forth in clause 12 of Appendix A, attached hereto and made a part hereof, is Contractor’s equal employment opportunity policy.
- B. Form EEO 100 - Staffing Plan.
 - To ensure compliance with this section, the Contractor agrees to submit or has submitted with the Bid a staffing plan on Form EEO 100 to OGS to document the composition of the

proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and federal occupational categories.

- C. Form EEO 101 - Workforce Employment Utilization Report (“Workforce Report”)
 - 1. If Contractor’s Form EEO 100- Staffing Plan provides that Contractor is able to report the actual workforce utilized in the performance of this Contract, the following clause shall apply: Contractor agrees it will, upon request, submit to OGS, a workforce utilization report on Form EEO 101, identifying the workforce actually utilized on the Contract if known.
 - 2. If Contractor’s EEO Form 100 - Staffing Plan provides that Contractor is unable to separate out the actual workforce utilized in the performance of the Contract from its total workforce, the following clause shall apply: Contractor and OGS agree that Contractor is unable to separate out the workforce utilized in the performance of the Contract from Contractor’s and/or subcontractor’s total workforce and that the information provided on the previously submitted Staffing Plan is Contractor’s total workforce during the subject time frame, not limited to work specifically under the Contract.
- D. Contractor shall comply with the provisions of the Human Rights Law, all other State and federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. Contract Goals

- A. OGS hereby establishes an overall goal of 10% for MWBE participation, 5% for Minority-Owned Business Enterprises (“MBE”) participation and 5% for Women-Owned Business Enterprises (“WBE”) participation (based on the current availability of qualified MBEs and WBEs). The total Contract goal can be obtained by utilizing any combination of MBE and /or WBE participation for subcontracting and supplies acquired under the Contract.
- B. For purposes of providing meaningful participation by MWBEs on the Contract and achieving the Contract goals established in clause IV-A hereof, Contractor should reference the directory of New York State Certified MWBEs found at the following internet address: <https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp?TN=ny&XID=2528>. The MWBE Regulations are located at 5 NYCRR § 140 – 145. Questions regarding compliance with MWBE participation goals should be directed to the Designated Contacts within the OGS Office of Minority- and Women Owned Businesses and Community Relations. Additionally, following Contract execution, Contractor is encouraged to contact the Division of Minority and Women’s Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.
- C. Contractor must document “good faith efforts” to provide meaningful participation by MWBEs as subcontractors or suppliers in the performance of the Contract (see clause VII below).

V. MWBE Utilization Plan

- A. In accordance with 5 NYCRR § 142.4, Bidders are required to submit a completed Utilization Plan on Form MWBE 100 with their bid.
- B. The Utilization Plan shall list the MWBEs the Bidder intends to use to perform the Contract, a description of the Contract scope of work the Bidder intends the MWBE to perform to meet the goals on the Contract, the estimated or, if known, actual dollar amounts to be paid to a MWBE, and

performance dates of each component of the Contract that the Bidder intends to be performed by a MWBE. By signing the Utilization Plan, the Bidder acknowledges that making false representations or including information evidencing a lack of good faith as part of, or in conjunction with, the submission of a Utilization Plan is prohibited by law and may result in penalties including, but not limited to, termination of a contract for cause, loss of eligibility to submit future bids, and/or withholding of payments. Any modifications or changes to the agreed participation by NYS Certified MWBEs after the Contract award and during the term of the Contract must be reported on a revised MWBE Utilization Plan and submitted to OGS.

- C. OGS will review the submitted MWBE Utilization Plan and advise the Bidder of OGS acceptance or issue a notice of deficiency within twenty (20) days of receipt.
- D. If a notice of deficiency is issued; Bidder agrees that it shall respond to the notice of deficiency, within seven (7) business days of receipt, by submitting to OGS a written remedy in response to the notice of deficiency. If the written remedy that is submitted is not timely or is found by OGS to be inadequate, OGS shall notify the Bidder and direct the Bidder to submit, within five (5) business days of notification by OGS, a request for a partial or total waiver of MWBE participation goals on Form BDC 333. Failure to file the waiver form in a timely manner may be grounds for disqualification of the bid or proposal.
- E. OGS may disqualify a Bidder's bid/proposal as being non-responsive under the following circumstances:
 - (a) If a Bidder fails to submit a MWBE Utilization Plan;
 - (b) If a Bidder fails to submit a written remedy to a notice of deficiency;
 - (c) If a Bidder fails to submit a request for waiver; or
 - (d) If OGS determines that the Bidder has failed to document good faith efforts.
- F. If awarded a Contract, Contractor certifies that it will follow the submitted MWBE Utilization Plan for the performance of MWBEs on the Contract pursuant to the prescribed MWBE goals set forth in clause IV-A of this Section.
- G. Bidder/Contractor further agrees that a failure to submit and/or use such completed MWBE Utilization Plan shall constitute a material breach of the terms of the Contract. Upon the occurrence of such a material breach, OGS shall be entitled to any remedy provided herein, including but not limited to, a finding of Contractor non-responsiveness.

VI. Request for Waiver

- A. Prior to submission of a request for a partial or total waiver, Bidder/Contractor shall speak to the Designated Contacts of the OGS Office of Minority- and Women-Owned Businesses and Community Relations for guidance.
- B. In accordance with 5 NYCRR § 142.7, a Bidder/Contractor who is able to document good faith efforts to meet the goal requirements, as set forth in clause VII below, may submit a request for a partial or total waiver on Form BDC 333, accompanied by supporting documentation. A Bidder may submit the request for waiver at the same time it submits its MWBE Utilization Plan. If a request for waiver is submitted with the MWBE Utilization Plan and is not accepted by OGS at that time, the provisions of clauses V(C), (D) & (E) will apply. If the documentation included with the Bidder's/Contractor's waiver request is complete, OGS shall evaluate the request and issue a written notice of acceptance or denial within twenty (20) days of receipt.
- C. Contractor shall attempt to utilize, in good faith, any MBE or WBE identified within its MWBE Utilization Plan, during the performance of the Contract. Requests for a partial or total waiver of established goal requirements made subsequent to Contract award may be made at any time

during the term of the Contract to OGS, but must be made no later than prior to the submission of a request for final payment on the Contract.

- D. If OGS, upon review of the MWBE Utilization Plan and Monthly MWBE Contractor Compliance Reports determines that Contractor is failing or refusing to comply with the contract goals and no waiver has been issued in regards to such non-compliance, OGS may issue a notice of deficiency to the Contractor. The Contractor must respond to the notice of deficiency within seven (7) business days of receipt. Such response may include a request for partial or total waiver of MWBE contract goals.

VII. Required Good Faith Efforts

In accordance with 5 NYCRR § 142.8, Contractors must document their good faith efforts toward utilizing MWBEs on the Contract. Evidence of required good faith efforts shall include, but not be limited to, the following:

- A. A list of the general circulation, trade and MWBE-oriented publications and dates of publications in which the Contractor solicited the participation of certified MWBEs as subcontractors/suppliers and copies of such solicitations and any responses thereto.
- B. A list of the certified MWBEs appearing in the Empire State Development MWBE directory that were solicited for this Contract. Provide proof of dates or copies of the solicitations and copies of the responses made by the certified MWBEs. Describe specific reasons that responding certified MWBEs were not selected.
- C. Descriptions of the Contract documents/plans/specifications made available to certified MWBEs by the Contractor when soliciting their participation and steps taken to structure the scope of work for the purpose of subcontracting with or obtaining supplies from certified MWBEs.
- D. A description of the negotiations between the Contractor and certified MWBEs for the purposes of complying with the MWBE goals of this Contract.
- E. Dates of any pre-bid, pre-award or other meetings attended by Contractor, if any, scheduled by OGS with certified MWBEs whom OGS determined were capable of fulfilling the MWBE goals set in the Contract.
- F. Other information deemed relevant to the request.

VIII. Monthly MWBE Contractor Compliance Report

- A. In accordance with 5 NYCRR § 142.10, Contractor is required to report Monthly MWBE Contractor Compliance to OGS during the term of the Contract for the preceding month's activity, documenting progress made towards achievement of the Contract MWBE goals. OGS requests that all Contractors use the New York State Contract System ("NYSCS") to report subcontractor and supplier payments made by Contractor to MWBEs performing work under the Contract. The NYSCS may be accessed at <https://ny.newnycontracts.com/>. This is a New York State-based system that all State agencies and authorities will be implementing to ensure uniform contract compliance reporting throughout New York State.
- B. When a Contractor receives a payment from a State agency, it is the Contractor's responsibility to pay its subcontractors and suppliers in a timely manner. On or after the first day of each month, the Contractor will receive an email or fax notification ("audit notice") indicating that a representative of its company needs to log-in to the NYSCS to report the company's MWBE subcontractor and supplier payments for the preceding month. The Contractor must also report when no payments have been made to a subcontractor or supplier in a particular month with entry of a zero dollar

value in the NYSCS. Once subcontractor and supplier payments have been entered into the NYSCS, the subcontractor(s) and supplier(s) will receive an email or fax notification advising them to log into the NYSCS to confirm that they actually received the reported payments from the Contractor. It is the Contractor's responsibility to educate its MWBE subcontractors and suppliers about the NYSCS and the need to confirm payments made to them in the NYSCS.

- C. To assist in the use of the NYSCS, OGS recommends that all Contractors and MWBE subcontractors and suppliers sign up for the following two webinar trainings offered through the NYSCS: "Introduction to the System for Vendors" and "Contract Compliance Reporting - Vendor Training" to become familiar with the NYSCS. To view the training schedule and to register visit: <https://ny.newnycontracts.com/events.asp>
- D. As soon as possible after the Contract is approved, Contractor should visit <https://ny.newnycontracts.com> and click on "Account Lookup" to identify the Contractor's account by company name. Contact information should be reviewed and updated if necessary by choosing "Change Info." It is important that the staff member who is responsible for reporting payment information for the Contractor be listed as a user in the NYSCS. Users who are not already listed may be added through "Request New User." When identifying the person responsible, please add "- MWBE Contact" after his or her last name (i.e., John Doe – MWBE Contact) to ensure that the correct person receives audit notices from the NYSCS. NYSCS Technical Support should be contacted for any technical support questions by clicking on the links for "Contact Us & Support" then "Technical Support" on the NYSCS website.
- E. If Contractor is unable to report MWBE Contractor Compliance via the NYSCS, Contractor must submit a Monthly MWBE Contractor Compliance Report on Form MWBE 102 to OGS, by the 10th day of each month during the term of the Contract, for the preceding month's activity to: OGS MWBE Office, 29th floor Corning Tower, Empire State Plaza, Albany, NY 12242. Phone: 518-486-9284; Fax: 518-486-9285.
- F. It is the Contractor's responsibility to report subcontractor and supplier payments. Failure to respond to payment audits in a timely fashion through the NYSCS, or by paper to OGS, may jeopardize future payments pursuant to the MWBE liquidated damages clause in clause IX below.

IX. Breach of Contract and Liquidated Damages

- A. In accordance with Executive Law Section 316-a and 5 NYCRR § 142.13, the Contractor acknowledges that if it is found to have willfully and intentionally failed to comply with the MWBE participation goals set forth in the Contract, such a finding constitutes a breach of contract and the Contractor shall be liable to OGS for liquidated or other appropriate damages, as set forth herein.
- B. Such liquidated damages shall be calculated as an amount equaling the difference between:
 - 1. All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and
 - 2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.
- C. If, after Contractor has been afforded due process to respond to the allegation that it willfully or intentionally failed to comply with the MWBE participation goals, OGS determines that Contractor is liable for liquidated damages and such identified sums have not been withheld by the OGS, Contractor shall pay such liquidated damages to the OGS within sixty (60) days after such determination unless prior to the expiration of such sixtieth day, the Contractor has filed a complaint with the Director of the Division of Minority and Women's Business Development pursuant to Subdivision 8 of Section 313 of the Executive Law, in which event the liquidated damages shall be payable if the Director renders a decision in favor of the OGS.

5.6 Freedom of Information Law/Trade Secrets

During the evaluation process, the content of each bid will be held in confidence and details of any bid will not be revealed (except as may be required under the Freedom of Information Law or other State law). The Freedom of Information Law provides for an exemption from disclosure for trade secrets or information the disclosure of which would cause injury to the competitive position of commercial enterprises. This exception would be effective both during and after the evaluation process.

Should you feel your firm's bid contains any such trade secrets or other confidential or proprietary information, **you must submit a request to except such information from disclosure.** Such request must be in writing, must state the reasons why the information should be accepted from disclosure and must be provided at the time of submission of the subject information.

Requests for exemption of the entire contents of a bid from disclosure have generally not been found to be meritorious and are discouraged. Kindly limit any requests for exemption of information from disclosure to bona fide trade secrets or specific information, the disclosure of which would cause a substantial injury to the competitive position of your firm.

5.7 General Requirements

- The Bidder agrees to adhere to all State and Federal laws and regulations in connection with the contract.
- The Bidder agrees to notify the Office of General Services of any changes in the legal status or principal ownership of the firm, forty five (45) days in advance of said change.
- The Bidder agrees that in any contract resulting from this IFB it shall be completely responsible for its work, including any damages or breakdowns caused by its failure to take appropriate action.
- The Bidder agrees that any contract resulting from this IFB may not be assigned, transferred, conveyed or the work subcontracted without the prior written consent of the Commissioner of General Services.
- For reasons of safety and public policy, in any contract resulting from this IFB, the use of illegal drugs and/or alcoholic beverages by the Contractor or its personnel shall not be permitted while performing any phase of the work herein specified.
- For purposes of any contract resulting from this IFB, the State will not be liable for any expense incurred by the Contractor for any parking fees or as a consequence of any traffic infraction or parking violations attributable to employees of the Contractor.
- The Commissioner's interpretation of specifications shall be final and binding upon the Contractor.
- The Commissioner of General Services will make no allowance or concession to the Bidder for any alleged misunderstanding because of quantity, quality, character, location or other conditions.
- Should it appear that there is a real or apparent discrepancy between different sections of specifications concerning the nature, quality or extent of work to be furnished, it shall be assumed that the Bidder has based its bid on the more expensive option. Final decision will rest with the Commissioner of General Services.
- INSPECTION – For purposes of any contract resulting from this IFB, the quality of service is subject to inspection and may be made at any reasonable time by the State of New York. Should it be found that quality of services being performed is not satisfactory and that the requirements

of the specifications are not being met, the Commissioner of the Office of General Services may terminate the contract and employ another contractor to fulfill the requirements of the contract. The existing Contractor shall be liable to the State of New York for costs incurred on account thereof.

- STOP WORK ORDER - The Commissioner of General Services reserves the right to stop the work covered by this IFB and any contract(s) resulting there from at any time that it is deemed the successful Bidder is unable or incapable of performing the work to the state's satisfaction. In the event of such stopping, the Office of General Services shall have the right to arrange for the completion of the work in such manner as it may deem advisable and if the cost thereof exceeds the amount of the bid, the successful Bidder shall be liable to the State of New York for any such costs on account thereof. In the event that the Office of General Services issues a stop work order for the work as provided herein, the Contractor shall have ten (10) working days to respond thereto before any such stop work order shall become effective.
- It is the Contractor's responsibility to maintain the equipment and materials provided for the work consistent with applicable safety and health codes.
- The Office of General Services reserves the right to reject and bar from the facility any employee hired by the Contractor.

5.8 Contract Terms

All provisions and requirements of Appendix A Standard Clauses for New York State Contracts, which is attached hereto and forms a part hereof, will be incorporated into any contract resulting from this IFB, and will be binding upon the parties to such contract.

All provisions and requirements, which are attached hereto and form a part hereof, will be incorporated into any contract resulting from this IFB, and will be binding upon the parties to such contract.

It is stipulated and agreed by the parties that the law of the State of New York shall solely and in all respects govern with relation to any dispute, litigation, or interpretation arising out of or connected with any contract resulting from this IFB.

Any contract resulting from this IFB shall not be deemed executed, valid or binding unless and until approved in writing by the Attorney General and the Comptroller of the State of New York.

5.9 Subcontractors

The State will contract only with the successful Bidder who is the Prime Contractor. The Issuing Office considers the Prime Contractor, the sole Contractor with regard to all provisions of the solicitation and the contract resulting from the solicitation. When bidding, any known / planned use of subcontractors must be disclosed in detail with bid submission. If subcontractors are to be used for base scope services, it shall be understood that the bid price includes the cost of the subcontractor and no additional markups will be allowed. If subcontractors are to be used for Additional Services, they will be subject to the Additional Services clause, and associated markup provision herein. The total of all Subcontractor work during the term of the Contract, exclusive of M/WBE subcontracted work as established in the approved utilization plan, shall not exceed 10% of the total contract value.

No subcontract entered into by the Contractor shall relieve the Contractor of any liabilities or obligations in this IFB or the resultant contract. The Contractor accepts full responsibility for the actions of any employee or subcontractor/subcontractor's employee(s) who carry out any of the provisions of any contract resulting from this IFB.

The Contractor's use of subcontractors shall not diminish the Contractor's obligations to complete the work in accordance with the contract. The Contractor shall coordinate and control the work of the subcontractors.

The Contractor shall be responsible for informing the subcontractors of all terms, conditions, and requirements of the contract documents.

During the term of the Contract, before any part of the contract shall be sublet, the Contractor shall submit to the Executive Director, OGS Real Property Management & Facilities or his/her designated representative. Governor Nelson A. Rockefeller Empire State Plaza, 39th Floor, Albany, New York 12242, in writing, the name of each proposed subcontractor and obtain written consent to such subcontractor. The names shall be submitted in ample time to permit acceptance or rejection of each proposed subcontractor without causing delay in the work of this contract. The Contractor shall promptly furnish such information as the Assistant to the Director may require concerning the proposed subcontractor's ability and qualifications.

In the event that subcontractors must be used during the term of this contract for Additional Services work, the following guidelines shall apply.

The Contractor shall procure goods and services using commercially reasonable and prudent practices to obtain the most favorable price and terms. The Contractor will make his/her best efforts and shall document same to obtain written proposals or bids from at least three (3) responsible service providers before selecting the best price and terms. Prior OGS approval is required for all Additional Services. The following conditions apply to competitive bidding for subcontracted additional services:

- Each bid will be solicited in a form and manner so that bid solicitation will be uniform in all bids. The Contractor will maintain documentation of the solicitation and results.
- If the Contractor desires to accept other than the lowest bidder, or where competitive bids are not possible, adequate justification must be provided to the State for required prior approval.
- The OGS shall be free to accept or reject any proposal/subcontract submitted for State's approval, and Contractor shall provide OGS with copies of all documentation OGS may request in relation to such approval rights.

5.10 Procurement Rights

The State of New York reserves the right to:

1. Reject any and all proposals received in response to this Solicitation.
2. Disqualify a Proposer from receiving the award if the Proposer, or anyone in the Proposer's employ, has previously failed to perform satisfactorily in connection with public bidding or contracts.
3. Correct Proposers' mathematical errors and waive or modify other minor irregularities in proposals received, after prior notification to the Proposer.
4. Adjust any Proposer's expected costs of the bid price based on a determination of the evaluation committee that the selection of the said Proposer will cause the State to incur additional costs.
5. Utilize any and all ideas submitted in the proposals received.
6. Negotiate with Proposers responding to this Solicitation within the Solicitation requirements to serve the best interests of the State.
7. Begin contract negotiations with another bidding Contractor(s) in order to serve the best interests of the State of New York should the State of New York be unsuccessful in negotiating a contract with the selected Contractor within 21 days of selection notification.
8. Waive any non-material requirement not met by all Proposers.
9. Not make an award from this Solicitation.
10. Make an award under this Solicitation in whole or in part.

11. Make multiple contract awards pursuant to the Solicitation.
12. Have any service completed via separate competitive bid or other means, as determined to be in the best interest of the State.
13. Seek clarifications of proposals.
14. Disqualify any bidder whose conduct and/or proposal fails to conform to the requirements of the IFB/RFP.
15. Prior to the bid opening, amend the IFB/RFP specifications to correct errors or oversights, or to supply additional information, as it becomes available.
16. Waive any requirements that are not material.
17. If two or more bids are found to be substantially equivalent, the Commissioner of OGS, at their sole discretion, will determine award using the pre-established process. For best value procurements, cost will be the determining factor.

Please Note: The State is not liable for any cost incurred by a Proposer in the preparation and production of a proposal or for any work performed prior to the issuance of a contract.

5.11 Extent of Services

OGS reserves the right to re-negotiate at its discretion, to reduce the amount of services provided under any contract resulting from this solicitation. This reduction in services shall be effectuated by written amendment to the contract and subject to approval by the Office of the State Comptroller.

5.12 Debriefings

Bidders will be accorded fair and equal treatment with respect to their opportunity for debriefing. Prior to contract award, OGS shall, upon request, provide a debriefing which would be limited to review of that bidder's bid or bid. After contract award, OGS shall, upon request, provide a debriefing to any bidder that responded to the IFB, regarding the reason that the bid or bid submitted by the unsuccessful bidder was not selected for a contract award. The post award debriefing should be requested by the bidder within thirty days of contract approval as posted on the OSC website (web address below).

<http://www2.osc.state.ny.us/transparency/contracts/contractsearch.cfm>

5.13 Termination

The Office of General Services may, upon thirty (30) days notice, terminate the contract resulting from this IFB in the event of the awarded Bidder's failure to comply with any of the bid's requirements unless the awarded Bidder obtained a waiver of the requirement.

In addition, OGS may also terminate any contract resulting from this IFB upon ten (10) days written notice if the Contractor makes any arrangement for assignment for the benefit of creditors.

Furthermore, OGS shall have the right, in its sole discretion, at any time to terminate a contract resulting from this IFB, or any unit portion thereof, with or without cause, by giving thirty (30) days written notice of termination to the Contractor.

Any termination by OGS under this Section shall in no event constitute or be deemed a breach of any contract resulting from this IFB and no liability shall be incurred by or arise against the Office of General Services, its agents and employees therefore for lost profits or any other damages.

Procurement Lobbying Termination

The Office of General Services reserves the right to terminate this contract in the event it is found that the certification filed by the Offeror in accordance with New York State Finance Law §139-k was intentionally false or intentionally incomplete. Upon such finding, the Office of General Services may exercise its

termination right by providing written notification to the Offerer in accordance with the written notification terms of this contract.

5.14 New York State Vendor File Registration

Prior to being awarded a contract pursuant to this Solicitation, the Bidder(s) must be registered in the New York State Vendor File (Vendor File) administered by the Office of the State Comptroller (OSC). This is a central registry for all vendors who do business with New York State Agencies and the registration must be initiated by a State Agency. Following the initial registration, unique New York State ten-digit vendor identification numbers will be assigned to your company for usage on all future transactions with New York State. Additionally, the Vendor File enables vendors to use the Vendor Self-Service application to manage all vendor information in one central location for all transactions related to the State of New York. If Bidder is already registered in the New York State Vendor File, list the ten-digit vendor ID number on the Contractor Information page included in Appendix B of this solicitation.

If the Bidder is not currently registered in the Vendor File and is recommended for award, OGS shall request completion of OSC Substitute W-9 Form. A fillable form with instructions can be found at the link below. The Office of General Services will initiate the vendor registration process for all Bidders recommended for Contract Award. Once the process is initiated, registrants will receive an email from OSC that includes the unique ten-digit vendor identification number assigned to the company and instructions on how to enroll in the online Vendor Self-Service application. For more information on the vendor file please visit the following website: http://www.osc.state.ny.us/vendor_management/issues_guidance.htm

Form to be completed: http://grantsreform.ny.gov/sites/default/files/sub_w9.pdf

5.15 NYS Vendor Responsibility Questionnaire For-Profit Business Entity

OGS conducts a review of prospective contractors (“Bidders”) to provide reasonable assurances that the Bidder is responsive and responsible. A For-Profit Business Entity Questionnaire (hereinafter “Questionnaire”) is used for non-construction contracts and is designed to provide information to assess a Bidder’s responsibility to conduct business in New York based upon financial and organizational capacity, legal authority, business integrity, and past performance history. By submitting a bid, Bidder agrees to fully and accurately complete the Questionnaire. The Bidder acknowledges that the State’s execution of the Contract will be contingent upon the State’s determination that the Bidder is responsible, and that the State will be relying upon the Bidder’s responses to the Questionnaire when making its responsibility determination.

OGS recommends each Bidder file the required Questionnaire online via the New York State VendRep System. To enroll in and use the VendRep System, please refer to the VendRep System Instructions and User Support for Vendors available at the Office of the State Comptroller’s (OSC) website, http://www.osc.state.ny.us/vendrep/vendor_index.htm or to enroll, go directly to the VendRep System online at: <https://portal.osc.state.ny.us>

OSC provides direct support for the VendRep System through user assistance, documents, online help, and a help desk. The OSC Help Desk contact information is located at <http://www.osc.state.ny.us/portal/contactbuss.htm>. Bidders opting to complete the paper questionnaire can access this form and associated definitions via the OSC website at: http://www.osc.state.ny.us/vendrep/forms_vendor.htm

In order to assist the State in determining the responsibility of the Bidder prior to Contract Award, the Bidder must complete and certify (or recertify) the Questionnaire no more than six (6) months prior to the bid due date. A Bidder’s Questionnaire cannot be viewed by OGS until the Bidder has certified the Questionnaire. It is recommended that all Bidders become familiar with all of the requirements of the Questionnaire in advance of the bid opening to provide sufficient time to complete the Questionnaire.

The Bidder agrees that if it is awarded a Contract the following shall apply:

The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of OGS or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

The Commissioner of OGS or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of OGS or her designee issues a written notice authorizing a resumption of performance under the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner of OGS or her designee at the Contractor's expense where the Contractor is determined by the Commissioner of OGS or her designee to be non-responsible. In such event, the Commissioner of OGS or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

5.16 Ethics Compliance

All proposers/contractors and their employees must comply with the requirements of §§73 and 74 of the Public Officers Law, other state codes, rules, regulations, and executive orders establishing ethical standards for the conduct of business with New York State. In signing any contract resulting from this RFP, the Contractor certifies full compliance with those provisions for any present or future dealings, transactions, sales, contracts, services, offers, relations, etc., involving New York State and/or its employees. Failure to comply with those provisions may result in disqualification from the bidding process, termination of contract, and/or other civil or criminal proceedings as required by law.

5.17 Indemnification

The Contractor shall assume all risks of liability for its performance, or that of any of its officers, employees, subcontractors or agents, of any contract resulting from this solicitation and shall be solely responsible and liable for all liabilities, losses, damages, costs or expenses, including attorney's fees, arising from any claim, action or proceeding relating to or in any way connected with the performance of this Agreement and covenants and agrees to indemnify and hold harmless the State of New York, its agents, officers and employees, from any and all claims, suits, causes of action and losses of whatever kind and nature, arising out of or in connection with its performance of any contract resulting from this solicitation, including negligence, active or passive or improper conduct of the Contractor, its officers, agents, subcontractors or employees, or the failure by the Contractor, its officers, agents, subcontractors or employees to perform any obligations or commitments to the State or third parties arising out of or resulting from any contract resulting from this solicitation. Such indemnity shall not be limited to the insurance coverage herein prescribed.

5.18 Encouraging Use Of New York State Businesses In Contract Performance

New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider New York State businesses in the fulfillment of the

requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles.

Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged, to the maximum extent practical and consistent with legal requirements, to use responsible and responsive New York State businesses in purchasing commodities that are of equal quality and functionality and in utilizing services and technology. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses, consistent with current State law.

Utilizing New York State businesses in State contracts will help create more private sector jobs, rebuild New York's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its New York State business partners. New York State businesses will promote the contractor's optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated procurements.

Public procurements can drive and improve the State's economic engine through promotion of the use of New York businesses by its contractors. The State therefore expects bidders/proposers to provide maximum assistance to New York businesses in their use of the contract. The potential participation by all kinds of New York businesses will deliver great value to the State and its taxpayers.

5.19 Consultant Contracts

Chapter 10 of the Laws of 2006 amended the Civil Service Law and the State Finance Law, relative to maintaining certain information concerning contract employees working under State agency service and consulting contracts. State agency consultant contracts are defined as "*contracts entered into by a state agency for analysis, evaluation, research, training, data processing, computer programming, engineering, environmental health and mental health services, accounting, auditing, paralegal, legal, or similar services*" ("covered consultant contract" or "covered consultant services"). The amendments also require that certain contract employee information be provided to the state agency awarding such contracts, the Office of the State Comptroller (OSC), the Division of the Budget and the Department of Civil Service (CS). The effective date of these amendments is June 19, 2006. The requirements will apply to covered contracts awarded on and after such date.

To meet these new requirements, the Contractor agrees to complete:

Form A - the Contractor's Planned Employment Form upon bid/quote submittal.

Form B - the Contractor's Annual Employment Report throughout the term of the Contract by May 1st of each year. The following information must be reported:

For each covered consultant contract in effect at any time between the preceding April 1st through March 31st fiscal year or for the period of time such contract was in effect during such prior State fiscal year:

1. Total number of employees employed to provide the consultant services, by employment category.
2. Total number of hours worked by such employees.
3. Total compensation paid to all employees that performed consultant services under such Contract.*

(Information must be reported on the Contractor's Annual Employment Report (Form B) or other format stipulated by OGS.)

***NOTE: The information to be reported is applicable only to those employees who are directly providing services or directly performing covered consultant services. However, such information shall also be provided relative to employees of Subcontractors who perform any part of the service contract or any part of the covered consultant contract. This information does not have to be collected and reported in circumstances where there is ancillary involvement of an employee in a clerical, support, organizational or other administrative capacity.**

Contractor agrees to simultaneously report such information via Form B to the Department of Civil Service, the Office of the State Comptroller and the Office of General Services as designated below:

Department of Civil Service
Alfred E. Smith Office Building
80 South Swan Street
Albany, NY 12239

NYS Office of the State Comptroller
Bureau of Contracts
110 State St, 11th Floor
Albany, NY 12236
Attn: Consultant Reporting

NYS Office of General Services
Financial Administration-Purchasing Unit
32nd Floor – Corning Tower
Empire State Plaza
Albany, New York 12242

Contractor is advised herein and understands that this information is available for public inspection and copying pursuant to §87 of the New York State Public Officers Law (Freedom of Information Law). In the event individual employee names or social security numbers are set forth on a document, the state agency making such disclosure is obligated to redact both the name and social security number prior to disclosure.

5.20 Force Majeure

Neither party hereto will be liable for losses, defaults, or damages under any contract resulting from this solicitation which result from delays in performing, or inability to perform, all or any of the obligations or responsibilities imposed upon it pursuant to the terms and conditions of this solicitation, due to or because of acts of God, the public enemy, acts of government, earthquakes, floods, strikes, civil strife, fire or any other cause beyond the reasonable control of the party that was so delayed in performing or so unable to perform provided that such party was not negligent

and shall have used reasonable efforts to avoid and overcome such cause. Such party will resume full performance of such obligations and responsibilities promptly upon removal of any such cause.

5.21 Use of Service-Disabled Veteran-Owned Business Enterprises in Contract Performance

Article 17-B of the Executive Law enacted in 2014 acknowledges that Service-Disabled Veteran-Owned Businesses (SDVOBs) strongly contribute to the economies of the State and the nation. As defenders of our nation and in recognition of their economic activity in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. SDVOBs can be readily identified on the directory of certified businesses at: http://ogs.ny.gov/Core/docs/CertifiedNYS_SDVOB.pdf

Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged to the maximum extent practical and consistent with legal requirements of the State Finance Law and the Executive Law to use responsible and responsive SDVOBs in purchasing and utilizing commodities, services and technology that are of equal quality and functionality to those that may be obtained from non-SDVOBs. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses consistent with current State law.

Utilizing SDVOBs in State contracts will help create more private sector jobs, rebuild New York State's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its SDVOB partners. SDVOBs will promote the contractor's optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated public procurements.

Public procurements can drive and improve the State's economic engine through promotion of the use of SDVOBs by its contractors. The State, therefore, expects bidders/proposers to provide maximum assistance to SDVOBs in their contract performance. The potential participation by all kinds of SDVOBs will deliver great value to the State and its taxpayers.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this

contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of

any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this

contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00,

whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment

opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES.

In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

20. OMNIBUS PROCUREMENT ACT OF 1992. It is the policy of New York State to maximize opportunities for the participation of New York State business enterprises, including minority and women-owned business enterprises as bidders, subcontractors and suppliers on its procurement contracts.

Information on the availability of New York State subcontractors and suppliers is available from:

The Omnibus Procurement Act of 1992 requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than \$1 million:

(a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS.

Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

22. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT.

Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW.

If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded

the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at:
<http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not

limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

Offerer Disclosure of Prior Non-Responsibility Determinations

Background:

New York State Finance Law §139-k (2) obligates a Governmental Entity to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity. The terms "Offerer" and "Governmental Entity" are defined in State Finance Law § 139-k (1). State Finance Law §139-j sets forth detailed requirements about the restrictions on Contacts during the procurement process. A violation of State Finance Law

§139-j includes, but is not limited to, an impermissible Contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and that the Offerer is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §§139-j (10) (b) and 139-k (3).

Instructions:

A Governmental Entity must include a disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139-k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract. It shall be submitted to the Governmental Entity conducting the Governmental Procurement.

General information

Section 5-a of the Tax Law, as amended, effective April 26, 2006, requires certain contractors awarded certain state contracts valued at more than \$100,000 to certify to the Tax Department that they are registered to collect New York State and local sales and compensating use taxes, if they made sales delivered by any means to locations within New York State of tangible personal property or taxable services having a cumulative value in excess of \$300,000, measured over a specified period. In addition, contractors must certify to the Tax Department that each affiliate and subcontractor exceeding such sales threshold during a specified period is registered to collect New York State and local sales and compensating use taxes. Contractors must also file a Form ST-220-CA, certifying to the procuring state entity that they filed Form ST-220-TD with the Tax Department and that the information contained on Form ST-220-TD is correct and complete as of the date they file Form ST-220-CA.

All sections must be completed including all fields on the top of this page, all sections on page 2, Schedule A on page 3, if applicable, and Individual, Corporation, Partnership, or LLC Acknowledgement on page 4. If you do not complete these areas, the form will be returned to you for completion.

For more detailed information regarding this form and section 5-a of the Tax Law, see Publication 223, *Questions and Answers Concerning Tax Law Section 5-a, (as amended, effective April 26, 2006)*. See *Need help?* for more information on how to obtain this publication.

Note: Form ST-220-TD must be signed by a person authorized to make the certification on behalf of the contractor, and the acknowledgement on page 4 of this form must be completed before a notary public.

Instructions

General information

Tax Law section 5-a was amended, effective April 26, 2006. On or after that date, in all cases where a contract is subject to Tax Law section 5-a, a contractor must file (1) Form ST-220-CA, *Contractor Certification to Covered Agency*, with a covered agency, and (2) Form ST-220-TD with the Tax Department before a contract may take effect. The circumstances when a contract is subject to section 5-a are listed in Publication 223, Q&A 3. See *Need help?* for more information on how to obtain this publication. In addition, a contractor must file a new Form ST-220-CA with a covered agency before an existing contract with such agency may be renewed.

Note: Form ST-220-CA must be signed by a person authorized to make the certification on behalf of the contractor, and the acknowledgement on page 2 of this form must be completed before a notary public.

When to complete this form

As set forth in Publication 223, a contract is subject to section 5-a, and you must make the required certification(s), if:

- i. The procuring entity is a covered agency within the meaning of the statute (see Publication 223, Q&A 5);
- ii. The contractor is a contractor within the meaning of the statute (see Publication 223, Q&A 6); and
- iii. The contract is a contract within the meaning of the statute. This is the case when it (a) has a value in excess of \$100,000 and (b) is a contract for commodities or services, as such terms are defined for purposes of the statute (see Publication 223, Q&A 8 and 9).

Furthermore, the procuring entity must have begun the solicitation to purchase on or after January 1, 2005, and the resulting contract must have been awarded, amended, extended, renewed, or assigned on or after April 26, 2006 (the effective date of the section 5-a amendments).

DIESEL EMISSION REDUCTION ACT

Pursuant to N.Y. Environmental Conservation Law §19-0323 of the (“the Law”) it is a requirement that heavy duty diesel vehicles in excess of 8,500 pounds use the best available retrofit technology (“BART”) and ultra-low sulfur diesel fuel (“ULSD”). The requirement of the Law applies to all vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities. It also requires that such vehicles owned, operated by or on behalf of, or leased by State agencies and State or regional public authorities with more than half of its governing body appointed by the Governor utilize BART.

The Law may be applicable to vehicles used by contract vendors “on behalf of” State agencies and public authorities and require certain reports from contract vendors. All heavy duty diesel vehicles must have BART by December 31, 2015 (unless further extended by Law). The Law also provides a list of exempted vehicles. Regulations set forth in 6 NYCRR Parts 248 and 249 provide further guidance. The Bidder hereby certifies and warrants that all heavy duty vehicles, as defined in NYECL §19-0323, to be used under this contract, will comply with the specifications and provisions of NYECL §19-0323, and 6 NYCRR Parts 248 and 249.

Use of Service-Disabled Veteran-Owned Business Enterprises
in Contract Performance

Article 17-B of the Executive Law enacted in 2014 acknowledges that Service-Disabled Veteran-Owned Businesses (SDVOBs) strongly contribute to the economies of the State and the nation. As defenders of our nation and in recognition of their economic activity in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. SDVOBs can be readily identified on the directory of certified businesses at:

http://ogs.ny.gov/Core/docs/CertifiedNYS_SDVOB.pdf

Bidders/proposers need to be aware that all authorized users of this contract will be strongly encouraged to the maximum extent practical and consistent with legal requirements of the State Finance Law and the Executive Law to use responsible and responsive SDVOBs in purchasing and utilizing commodities, services and technology that are of equal quality and

functionality to those that may be obtained from non-SDVOBs. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses consistent with current State law.

Utilizing SDVOBs in State contracts will help create more private sector jobs, rebuild New York State's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its SDVOB partners. SDVOBs will promote the contractor's optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated public procurements.

Public procurements can drive and improve the State's economic engine through promotion of the use of SDVOBs by its contractors. The State, therefore, expects bidders/proposers to provide maximum assistance to SDVOBs in their contract performance. The potential participation by all kinds of SDVOBs will deliver great value to the State and its taxpayers.

Bidders/proposers can demonstrate their commitment to the use of SDVOBs by responding to the questions below:

Are you a bidder/proposer that is a NYS-certified SDVOB? Yes No If yes, what is your DSDVBD Control #?

Will NYS-certified SDVOBs be used in the performance of this contract? Yes No

If yes, identify the NYS-certified SDVOBs that will be used below (if more than 4 identified, please attach an additional form):

Prevailing Wage Rates for IFB 1783

Appendix C

Prevailing Wage Rates for IFB 1783

General Provisions of Laws Covering Workers on Article 8 Public Work Contracts

Introduction

The Labor Law requires public work contractors and subcontractors to pay laborers, workers, or mechanics employed in the performance of a public work contract not less than the prevailing rate of wage and supplements (fringe benefits) in the locality where the work is performed.

Responsibilities of the Department of Jurisdiction

A Department of Jurisdiction (Contracting Agency) includes a state department, agency, board or commission; a county, city, town or village; a school district, board of education or board of cooperative educational services; a sewer, water, fire, improvement and other district corporation; a public benefit corporation; and a public authority awarding a public work contract.

The Department of Jurisdiction (Contracting Agency) awarding a public work contract MUST obtain a Prevailing Rate Schedule listing the hourly rates of wages and supplements due the workers to be employed on a public work project. This schedule may be obtained by completing and forwarding a "Request for wage and Supplement Information" form (PW 39) to the Bureau of Public Work. The Prevailing Rate Schedule MUST be included in the specifications for the contract to be awarded and is deemed part of the public work contract.

Upon the awarding of the contract, the law requires that the Department of Jurisdiction (Contracting Agency) furnish the following information to the Bureau: the name and address of the contractor, the date the contract was let and the approximate dollar value of the contract. To facilitate compliance with this provision of the Labor Law, a copy of the Department's "Notice of Contract Award" form (PW 16) is provided with the original Prevailing Rate Schedule.

The Department of Jurisdiction (Contracting Agency) is required to notify the Bureau of the completion or cancellation of any public work project. The Department's PW 200 form is provided for that purpose.

Both the PW 16 and PW 200 forms are available for completion [online](#).

Hours

No laborer, worker, or mechanic in the employ of a contractor or subcontractor engaged in the performance of any public work project shall be permitted to work more than eight hours in any day or more than five days in any week, except in cases of extraordinary emergency. The contractor and the Department of Jurisdiction (Contracting Agency) may apply to the Bureau of Public Work for a dispensation permitting workers to work additional hours or days per week on a particular public work project.

There are very few exceptions to this rule. Complete information regarding these exceptions is available on the "[4 Day / 10 Hour Work Schedule](#)" form (PW 30R).

Wages and Supplements

The wages and supplements to be paid and/or provided to laborers, workers, and mechanics employed on a public work project shall be not less than those listed in the current Prevailing Rate Schedule for the locality where the work is performed. If a prime contractor on a public work project has not been provided with a Prevailing Rate Schedule, the contractor must notify the Department of Jurisdiction (Contracting Agency) who in turn must request an original Prevailing Rate Schedule form the Bureau of Public Work. Requests may be submitted by: mail to NYSDOL, Bureau of Public Work, State Office Bldg. Campus, Bldg. 12, Rm. 130, Albany, NY 12240; Fax to Bureau of Public Work (518) 485-1870; or electronically at the NYSDOL website www.labor.state.ny.us.

Upon receiving the original schedule, the Department of Jurisdiction (Contracting Agency) is REQUIRED to provide complete copies to all prime contractors who in turn MUST, by law, provide copies of all applicable county schedules to each subcontractor and obtain from each subcontractor, an affidavit certifying such schedules were received. If the original schedule expired, the contractor may obtain a copy of the new annual determination from the NYSDOL website www.labor.state.ny.us.

The Commissioner of Labor makes an annual determination of the prevailing rates. This determination is in effect from July 1st through June 30th of the following year. The annual determination is available on the NYSDOL website www.labor.state.ny.us.

Payrolls and Payroll Records

Every contractor and subcontractor MUST keep original payrolls or transcripts subscribed and affirmed as true under penalty of perjury. Payrolls must be maintained for at least three (3) years from the project's date of completion. At a minimum, payrolls must show the following information for each person employed on a public work project: Name, Address, Last 4 Digits of Social Security Number, Classification(s) in which the worker was employed, Hourly wage rate(s) paid, Supplements paid or provided, and Daily and weekly number of hours worked in each classification.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury. The Department of Jurisdiction (Contracting Agency) shall collect, review for facial validity, and maintain such payrolls.

In addition, the Commissioner of Labor may require contractors to furnish, with ten (10) days of a request, payroll records sworn to as their validity and accuracy for public work and private work. Payroll records include, but are not limited to time cards, work description sheets, proof that supplements were provided, cancelled payroll checks and payrolls. Failure to provide the requested information within the allotted ten (10) days will result in the withholding of up to 25% of the contract, not to exceed \$100,000.00. If the contractor or subcontractor does not maintain a place of business in New York State and the amount of the contract exceeds \$25,000.00, payroll records and certifications must be kept on the project worksite.

The prime contractor is responsible for any underpayments of prevailing wages or supplements by any subcontractor.

All contractors or their subcontractors shall provide to their subcontractors a copy of the Prevailing Rate Schedule specified in the public work contract as well as any subsequently issued schedules. A failure to provide these schedules by a contractor or subcontractor is a violation of Article 8, Section 220-a of the Labor Law.

All subcontractors engaged by a public work project contractor or its subcontractor, upon receipt of the original schedule and any subsequently issued schedules, shall provide to such contractor a verified statement attesting that the subcontractor has received the Prevailing Rate Schedule and will pay or provide the applicable rates of wages and supplements specified therein. (See NYS Labor Laws, Article 8 . Section 220-a).

Determination of Prevailing Wage and Supplement Rate Updates Applicable to All Counties

The wages and supplements contained in the annual determination become effective July 1st whether or not the new determination has been received by a given contractor. Care should be taken to review the rates for obvious errors. Any corrections should be brought to the Department's attention immediately. It is the responsibility of the public work contractor to use the proper rates. If there is a question on the proper classification to be used, please call the district office located nearest the project. Any errors in the annual determination will be corrected and posted to the NYS DOL website on the first business day of each month. Contractors are responsible for paying these updated rates as well, retroactive to July 1st.

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. To the extent possible, the Department posts rates in its possession that cover periods of time beyond the July 1st to June 30th time frame covered by a particular annual determination. Rates that extend beyond that instant time period are informational ONLY and may be updated in future annual determinations that actually cover the then appropriate July 1st to June 30th time period.

Withholding of Payments

When a complaint is filed with the Commissioner of Labor alleging the failure of a contractor or subcontractor to pay or provide the prevailing wages or supplements, or when the Commissioner of Labor believes that unpaid wages or supplements may be due, payments on the public work contract shall be withheld from the prime contractor in a sufficient amount to satisfy the alleged unpaid wages and supplements, including interest and civil penalty, pending a final determination.

When the Bureau of Public Work finds that a contractor or subcontractor on a public work project failed to pay or provide the requisite prevailing wages or supplements, the Bureau is authorized by Sections 220-b and 235.2 of the Labor Law to so notify the financial officer of the Department of Jurisdiction (Contracting Agency) that awarded the public work contract. Such officer MUST then withhold or cause to be withheld from any payment due the prime contractor on account of such contract the amount indicated by the Bureau as sufficient to satisfy the unpaid wages and supplements, including interest and any civil penalty that may be assessed by the Commissioner of Labor. The withholding continues until there is a final determination of the underpayment by the Commissioner of Labor or by the court in the event a legal proceeding is instituted for review of the determination of the Commissioner of Labor.

The Department of Jurisdiction (Contracting Agency) shall comply with this order of the Commissioner of Labor or of the court with respect to the release of the funds so withheld.

Summary of Notice Posting Requirements

The current Prevailing Rate Schedule must be posted in a prominent and accessible place on the site of the public work project. The prevailing wage schedule must be encased in, or constructed of, materials capable of withstanding adverse weather conditions and be titled "PREVAILING RATE OF WAGES" in letters no smaller than two (2) inches by two (2) inches.

The "[Public Work Project](#)" notice must be posted at the beginning of the performance of every public work contract, on each job site.

Every employer providing workers. compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers. Compensation Board in a conspicuous place on the jobsite.

Every employer subject to the NYS Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers, notices furnished by the State Division of Human Rights.

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the NYS Department of Labor.

Apprentices

Employees cannot be paid apprentice rates unless they are individually registered in a program registered with the NYS Commissioner of Labor. The allowable ratio of apprentices to journeyworkers in any craft classification can be no greater than the statewide building trade ratios promulgated by the Department of Labor and included with the Prevailing Rate Schedule. An employee listed on a payroll as an apprentice who is not registered as above or is performing work outside the classification of work for which the apprentice is indentured, must be paid the prevailing journeyworker's wage rate for the classification of work the employee is actually performing.

NYSDOL Labor Law, Article 8, Section 220-3, require that only apprentices individually registered with the NYS Department of Labor may be paid apprenticeship rates on a public work project. No other Federal or State Agency of office registers apprentices in New York State.

Persons wishing to verify the apprentice registration of any person must do so in writing by mail, to the NYSDOL Office of Employability Development / Apprenticeship Training, State Office Bldg. Campus, Bldg. 12, Albany, NY 12240 or by Fax to NYSDOL Apprenticeship Training (518) 457-7154. All requests for verification must include the name and social security number of the person for whom the information is requested.

The only conclusive proof of individual apprentice registration is written verification from the NYSDOL Apprenticeship Training Albany Central office. Neither Federal nor State Apprenticeship Training offices outside of Albany can provide conclusive registration information.

It should be noted that the existence of a registered apprenticeship program is not conclusive proof that any person is registered in that program. Furthermore, the existence or possession of wallet cards, identification cards, or copies of state forms is not conclusive proof of the registration of any person as an apprentice.

Interest and Penalties

In the event that an underpayment of wages and/or supplements is found:

- Interest shall be assessed at the rate then in effect as prescribed by the Superintendent of Banks pursuant to section 14-a of the Banking Law, per annum from the date of underpayment to the date restitution is made.
- A Civil Penalty may also be assessed, not to exceed 25% of the total of wages, supplements, and interest due.

Debarment

Any contractor or subcontractor and/or its successor shall be ineligible to submit a bid on or be awarded any public work contract or subcontract with any state, municipal corporation or public body for a period of five (5) years when:

- Two (2) willful determinations have been rendered against that contractor or subcontractor and/or its successor within any consecutive six (6) year period.
- There is any willful determination that involves the falsification of payroll records or the kickback of wages or supplements.

Criminal Sanctions

Willful violations of the Prevailing Wage Law (Article 8 of the Labor Law) may be a felony punishable by fine or imprisonment of up to 15 years, or both.

Discrimination

No employee or applicant for employment may be discriminated against on account of age, race, creed, color, national origin, sex, disability or marital status.

No contractor, subcontractor nor any person acting on its behalf, shall by reason of race, creed, color, disability, sex or national origin discriminate against any citizen of the State of New York who is qualified and available to perform the work to which the employment relates (NYS Labor Law, Article 8, Section 220-e(a)).

No contractor, subcontractor, nor any person acting on its behalf, shall in any manner, discriminate against or intimidate any employee on account of race, creed, color, disability, sex, or national origin (NYS Labor Law, Article 8, Section 220-e(b)).

The Human Rights Law also prohibits discrimination in employment because of age, marital status, or religion.

There may be deducted from the amount payable to the contractor under the contract a penalty of \$50.00 for each calendar day during which such person was discriminated against or intimidated in violation of the provision of the contract (NYS Labor Law, Article 8, Section 220-e(c)).

The contract may be cancelled or terminated by the State or municipality. All monies due or to become due thereunder may be forfeited for a second or any subsequent violation of the terms or conditions of the anti-discrimination sections of the contract (NYS Labor Law, Article 8, Section 220-e(d)).

Every employer subject to the New York State Human Rights Law must conspicuously post at its offices, places of employment, or employment training centers notices furnished by the State Division of Human Rights.

Workers' Compensation

In accordance with Section 142 of the State Finance Law, the contractor shall maintain coverage during the life of the contract for the benefit of such employees as required by the provisions of the New York State Workers' Compensation Law.

A contractor who is awarded a public work contract must provide proof of workers' compensation coverage prior to being allowed to begin work.

The insurance policy must be issued by a company authorized to provide workers' compensation coverage in New York State. Proof of coverage must be on form C-105.2 (Certificate of Workers' Compensation Insurance) and must name this agency as a certificate holder.

If New York State coverage is added to an existing out-of-state policy, it can only be added to a policy from a company authorized to write workers' compensation coverage in this state. The coverage must be listed under item 3A of the information page.

The contractor must maintain proof that subcontractors doing work covered under this contract secured and maintained a workers' compensation policy for all employees working in New York State.

Every employer providing worker's compensation insurance and disability benefits must post notices of such coverage in the format prescribed by the Workers' Compensation Board in a conspicuous place on the jobsite.

Unemployment Insurance

Employers liable for contributions under the Unemployment Insurance Law must conspicuously post on the jobsite notices furnished by the New York State Department of Labor.

IMPORTANT NOTICE

FOR

CONTRACTORS & CONTRACTING AGENCIES

Social Security Numbers on Certified Payrolls

The Department of Labor is cognizant of the concerns of the potential for misuse or inadvertent disclosure of social security numbers. Identity theft is a growing problem and we are sympathetic to contractors' concerns with regard to inclusion of this information on payrolls if another identifier will suffice.

For these reasons, *the substitution of the use of the last four digits of the social security number on certified payrolls submitted to contracting agencies on public work projects is now acceptable to the Department of Labor.*

NOTE: This change does not affect the Department's ability to request and receive the entire social security number from employers during the course of its public work / prevailing wage investigations.

IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

Budget Policy & Reporting Manual

B-610

Public Work Enforcement Fund

effective date December 7, 2005

1. Purpose and Scope:

This Item describes the Public Work Enforcement Fund (the Fund, PWEF) and its relevance to State agencies and public benefit corporations engaged in construction or reconstruction contracts, maintenance and repair, and announces the recently-enacted increase to the percentage of the dollar value of such contracts that must be deposited into the Fund. This item also describes the roles of the following entities with respect to the Fund:

- New York State Department of Labor (DOL),
- The Office of the State of Comptroller (OSC), and
- State agencies and public benefit corporations.

2. Background and Statutory References:

DOL uses the Fund to enforce the State's Labor Law as it relates to contracts for construction or reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law. State agencies and public benefit corporations participating in such contracts are required to make payments to the Fund.

Chapter 511 of the Laws of 1995 (as amended by Chapter 513 of the Laws of 1997, Chapter 655 of the Laws of 1999, Chapter 376 of the Laws of 2003 and Chapter 407 of the Laws of 2005) established the Fund.

3. Procedures and Agency Responsibilities:

The Fund is supported by transfers and deposits based on the value of contracts for construction and reconstruction, maintenance and repair, as defined in subdivision two of Section 220 of the Labor Law, into which all State agencies and public benefit corporations enter.

Chapter 407 of the Laws of 2005 increased the amount required to be provided to this fund to .10 of one-percent of the total cost of each such contract, to be calculated at the time agencies or public benefit corporations enter into a new contract or if a contract is amended. The provisions of this bill became effective August 2, 2005.

**To all State Departments, Agency Heads and Public Benefit Corporations
IMPORTANT NOTICE REGARDING PUBLIC WORK ENFORCEMENT FUND**

OSC will report to DOL on all construction-related ("D") contracts approved during the month, including contract amendments, and then DOL will bill agencies the appropriate assessment monthly. An agency may then make a determination if any of the billed contracts are exempt and so note on the bill submitted back to DOL. For any instance where an agency is unsure if a contract is or is not exempt, they can call the Bureau of Public Work at the number noted below for a determination. Payment by check or journal voucher is due to DOL within thirty days from the date of the billing. DOL will verify the amounts and forward them to OSC for processing.

For those contracts which are not approved or administered by the Comptroller, monthly reports and payments for deposit into the Public Work Enforcement Fund must be provided to the Administrative Finance Bureau at the DOL within 30 days of the end of each month or on a payment schedule mutually agreed upon with DOL.

Reports should contain the following information:

- Name and billing address of State agency or public benefit corporation;
- State agency or public benefit corporation contact and phone number;
- Name and address of contractor receiving the award;
- Contract number and effective dates;
- Contract amount and PWEF assessment charge (if contract amount has been amended, reflect increase or decrease to original contract and the adjustment in the PWEF charge); and
- Brief description of the work to be performed under each contract.

Checks and Journal Vouchers, payable to the "New York State Department of Labor" should be sent to:

Department of Labor
Administrative Finance Bureau-PWEF Unit
Building 12, Room 464
State Office Campus
Albany, NY 12240

Any questions regarding billing should be directed to NYSDOL's Administrative Finance Bureau-PWEF Unit at (518) 457-3624 and any questions regarding Public Work Contracts should be directed to the Bureau of Public Work at (518) 457-5589.

Construction Industry Fair Play Act

Required Posting For Labor Law Article 25-B § 861-d

Construction industry employers must post the "Construction Industry Fair Play Act" notice in a prominent and accessible place on the job site.

Failure to post the notice can result in penalties of up to \$1,500 for a first offense and up to \$5,000 for a second offense.

The posting is included as part of this wage schedule. Additional copies may be obtained from the NYS DOL website, www.labor.ny.gov.

If you have any questions concerning the Fair Play Act, please call the State Labor Department toll-free at 1-866-435-1499 or email us at: dol.misclassified@labor.state.ny.us .

New York State Department of Labor
Required Notice under Article 25-B of the Labor Law

**ATTENTION ALL EMPLOYEES, CONTRACTORS AND SUBCONTRACTORS:
YOU ARE COVERED BY THE
CONSTRUCTION INDUSTRY FAIR PLAY ACT**

The law says that you are an employee unless:

- You are free from direction and control in performing your job AND
- You perform work that is not part of the usual work done by the business that hired you AND
- You have an independently established business

Your employer cannot consider you to be an independent contractor unless all three of these facts apply to your work.

**IT IS AGAINST THE LAW FOR AN EMPLOYER TO MISCLASSIFY EMPLOYEES AS
INDEPENDENT CONTRACTORS OR PAY EMPLOYEES OFF-THE-BOOKS.**

Employee rights. If you are an employee:

- You are entitled to state and federal worker protections such as
 - unemployment benefits, if unemployed through no fault of your own, able to work, and otherwise qualified
 - workers' compensation benefits for on-the-job injuries
 - payment for wages earned, minimum wage, and overtime (under certain conditions)
 - prevailing wages on public work projects
 - the provisions of the National Labor Relations Act and
 - a safe work environment
- It is a violation of this law for employers to retaliate against anyone who asserts their rights under the law. Retaliation subjects an employer to civil penalties, a private lawsuit or both.

Independent Contractors: If you are an independent contractor:

- You must pay all taxes required by New York State and Federal Law.

Penalties for paying off-the-books or improperly treating employees as independent contractors:

- **Civil Penalty** First Offense: up to \$2,500 per employee.
 Subsequent Offense(s): up to \$5,000 per employee.
- **Criminal Penalty** First Offense: Misdemeanor - up to 30 days in jail, up to a \$25,000 fine and debarment from performing Public Work for up to one year.
 Subsequent Offense(s): Misdemeanor - up to 60 days in jail, up to a \$50,000 fine and debarment from performing Public Work for up to 5 years.

If you have questions about your employment status or believe that your employer may have violated your rights and you want to file a complaint, call the Department of Labor at 1(866)435-1499 or send an email to dol.misclassified@labor.state.ny.us. All complaints of fraud and violations are taken seriously and you can remain anonymous.

OSHA 10-hour Construction Safety and Health Course – S1537-A

Effective July 18, 2008

This provision is an addition to the existing prevailing wage rate law, Labor Law §220, section 220-h. It requires that on all public work projects of at least \$250,000.00, all laborers, workers and mechanics working on the site, be certified as having successfully completed the OSHA 10-hour construction safety and health course. It further requires that the advertised bids and contracts for every public work contract of at least \$250,000.00, contain a provision of this requirement.

NOTE: The OSHA 10 Legislation only applies to workers on a public work project that are required, under Article 8, to receive the prevailing wage.

Requirements for OSHA 10 Compliance

Chapter 282 of the Laws of 2007, codified as Labor Law 220-h took effect on July 18, 2008. The statute provides as follows:

The advertised specifications for every contract for public work of \$250,000.00 or more must contain a provision requiring that every worker employed in the performance of a public work contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors, required to be paid prevailing rates, receive such training “prior to the performing any work on the project.”

The Bureau will enforce the statute as follows:

All contractors and sub contractors must attach a copy of proof of completion of the OSHA 10 course to the first certified payroll submitted to the contracting agency and on each succeeding payroll where any new or additional employee is first listed.

Proof of completion may include but is not limited to:

- Copies of bona fide course completion card (*Note: Completion cards do not have an expiration date.*)
- Training roster, attendance record of other documentation from the certified trainer pending the issuance of the card.
- Other valid proof

**A certification by the employer attesting that all employees have completed such a course is not sufficient proof that the course has been completed.

Any questions regarding this statute may be directed to the New York State Department of Labor, Bureau of Public Work at 518-485-5696.

(For all contracts advertised or solicited for bid on or after 7/1/08)

- Raises the threshold for public work projects subject to the Wicks Law requiring separate specifications and bidding for the plumbing, heating and electrical work. The total project's threshold would increase from \$50,000 to: \$3 million in Bronx, Kings, New York, Queens and Richmond counties; \$1.5 million in Nassau, Suffolk and Westchester counties; and \$500,000 in all other counties.
- For projects below the monetary threshold, bidders must submit a sealed list naming each subcontractor for the plumbing, HVAC and electrical work and the amount to be paid to each. The list may not be changed unless the public owner finds a legitimate construction need, including a change in specifications or costs or use of a Project Labor Agreement (PLA), and must be open to public inspection.
- Allows the state and local agencies and authorities to waive the Wicks Law and use a PLA if it will provide the best work at the lowest possible price. If a PLA is used, all contractors shall participate in apprentice training programs in the trades of work it employs that have been approved by the Department of Labor (DOL) for not less than three years. They shall also have at least one graduate in the last three years and use affirmative efforts to retain minority apprentices. PLA's would be exempt from Wicks, but deemed to be public work subject to prevailing wage enforcement.
- The Commissioner of Labor shall have the power to enforce separate specification requirements on projects, and may issue stop-bid orders against public owners for non-compliance.
- Other new monetary thresholds, and similar sealed bidding for non-Wicks projects, would apply to certain public authorities including municipal housing authorities, NYC Construction Fund, Yonkers Educational Construction Fund, NYC Municipal Water Finance Authority, Buffalo Municipal Water Finance Authority, Westchester County Health Care Association, Nassau County Health Care Corp., Clifton-Fine Health Care Corp., Erie County Medical Center Corp., NYC Solid Waste Management Facilities, and the Dormitory Authority.
- Reduces from 15 to 7 days the period in which contractors must pay subcontractors.

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. In most cases the payment or provision of supplements is for each hour worked (noted in the schedule as 'Per hour worked'). Some classifications require the payment or provision of supplements for each hour paid (noted in the schedule as 'Per hour paid'), which require supplements to be paid or provided at a premium rate for premium hours worked. Some classifications may also require the payment or provision of supplements for paid holidays on which no work is performed.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.state.ny.us) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.

(CONTRACTOR)

CONTRACT # OGS01-C00XXXX-1140000

THIS AGREEMENT, made this [redacted] day of [redacted], 2015 by and between the People of the State of New York, acting by and through the Commissioner of General Services, whose office is on the 41st Floor, Corning Tower Building, the Governor Nelson A. Rockefeller Empire State Plaza, Albany, New York 12242 (hereinafter "Commissioner", "OGS" or "State"), and (Company Name), (hereinafter "Contractor"), with an office at [redacted].

WITNESSETH:

WHEREAS, the OGS is responsible for the Electrical Distribution Equipment Inspection and Testing & Maintenance at the (XXX XXXX State Office Building located at 123 XXXX, XXXX, NY (hereinafter the "State Office Building") and in fulfilling its responsibility deems it necessary to obtain Electrical Distribution Equipment Inspection and Testing & Maintenance therefore, and

WHEREAS, OGS has determined after having solicited proposals from proposers willing to supply these services, that the Contractor submitted the proposal affording the State the best value for such services and that the Contractor possesses the necessary capacity, experience and expertise for provision of Electrical Distribution Equipment Inspection and Testing &

Maintenance, and that Contractor is ready, willing and able to perform such services on the terms hereinafter set forth.

NOW THEREFORE, in consideration of the mutual covenants herein contained, the parties do hereby agree as follows:

1. CONSIDERATION

OGS shall pay the Contractor for all Electrical Distribution Equipment Inspection, Testing & Maintenance fees and other fees and expenses in accordance with the amounts and rates put forth in the Contractor's proposal attached hereto as Appendix "C", which Appendix C is hereby incorporated by reference and made a part hereof as fully as if set forth as length herein.

2. TERM

This Agreement shall commence upon OSC approval and will be in effect for five (5) years, unless sooner terminated as herein specified.

3. SERVICES

The Contractor agrees to perform this Agreement and to furnish the services, labor and materials required in connection therewith in accordance with all the specifications, conditions, covenants and representations contained in the Invitation for Bid No. 1783, which is annexed as Appendix "B" hereto, and the Contractor's proposal, annexed as Appendix "C" hereto, except as such Appendices B and C have been revised by the terms hereof. Appendix B is hereby incorporated by reference and made a part hereof with the same force and effect as if set forth at length herein.

4. TERMINATION

This Agreement may be terminated in accordance with the termination provisions set forth in the solicitation attached hereto as Appendix B hereof.

A) Termination

The Office of General Services may, upon thirty (30) days notice, terminate the contract resulting from this solicitation in the event of the awarded Bidder's failure to comply with any of the proposal's requirements unless the awarded Bidder obtained a waiver of the requirement.

In addition, OGS may also terminate any contract resulting from this solicitation upon ten (10) days written notice if the Contractor makes any arrangement or assignment for the benefit of the creditors.

Furthermore, OGS shall have the right, in its sole discretion, at any time to terminate a contract resulting from this solicitation, or any unit portion thereof, with or without cause, by giving thirty (30) days written notice of termination to the Contractor.

Any termination by OGS under this Section shall in no event constitute or be deemed a breach of any contract resulting from this solicitation and no liability shall be incurred by or arise against the Office of General Services, its agents and employees therefore for lost profits or any other damages.

B.) Procurement Lobbying Termination

The Office of General Services reserves the right to terminate this Agreement in the event it is found that the certification filed by the Contractor in accordance with New York State Finance

Law §139-k was intentionally false or intentionally incomplete. Upon such finding, the Office of General Services may exercise its termination right by providing written notification to the Contractor in accordance with the written notification terms of this Agreement.

5. RECORDS

The Contractor will maintain accurate records and accounts of services performed and monies expended under this Agreement. Such records will be maintained for six (6) years following the close of the State fiscal year to which they pertain and will be made available to representatives of OGS or the New York State Comptroller, as may be necessary for auditing purposes, upon request.

6. TAXES

The Contractor will be responsible for all applicable Federal, State and Local taxes and all FICA contributions.

7. INDEPENDENT CONTRACTOR

It is understood and agreed that the legal status of the Contractor, its subcontractors, agents, officers and employees is that of an independent contractor and in no manner shall they be deemed employees or agents of the State of New York and, therefore, are not entitled to any of the benefits associated with such employment or designation.

8. APPENDIX A

Appendix A, Standard Clauses for New York State Contracts, attached hereto, is hereby expressly made a part of this Agreement as fully as if set forth at length herein.

9. ASSIGNMENT

Contractor agrees that it will not assign this Agreement, or any interest therein without the prior written consent of the Commissioner of General Services.

10. LAW

This Agreement shall be governed by the laws of the State of New York.

11. CONDITIONS PRECEDENT

This Agreement shall not be deemed executed, valid or binding unless and until approved in writing by the Attorney General and the State Comptroller.

12. ENTIRE AGREEMENT

This Agreement constitutes the entire Agreement between the parties hereto and no statement, promise, condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained herein shall be binding or valid and this Agreement shall not be changed, modified or altered in any manner except by an instrument in writing executed by both parties hereto.

13. EXECUTORY CLAUSE

This Agreement shall be deemed executory only to the extent of money available to the State for performance of the terms hereof and no liability on account thereof shall be incurred by the State of New York beyond moneys available for purposes thereof.

14. INCONSISTENCIES

In the event of any discrepancy, disagreement or ambiguity between this contract agreement and Appendix B "Solicitation" and/or Appendix C "Proposal", or between any Appendices, the documents shall be given preference in the following order to interpret and to resolve such discrepancy, disagreement or ambiguity:

- (i) Appendix A
- (ii) This contract agreement
- (iii) Appendix B – IFB 1783, including Addenda
- (iv) Appendix C – Contractor’s Proposal

The parties understand and agree that any and all deviations or exceptions taken by Contractor to the State’s Request for Proposal are hereby withdrawn except only to the extent that such exceptions or deviations have been explicitly incorporated into this contract agreement.

15. FORCE MAJEURE

Neither party hereto will be liable for losses, defaults, or damages under this Agreement which result from delays in performing, or inability to perform, all or any of the obligations or responsibilities imposed upon it pursuant to the terms and conditions of this Agreement, due to or because of acts of God, the public enemy, acts of government, earthquakes, floods, strikes, civil strife, fire or any other cause beyond the reasonable control of the party that was so delayed in performing or so unable to perform provided that such party was not negligent and shall have used reasonable efforts to avoid and overcome such cause. Such party will resume full performance of such obligations and responsibilities promptly upon removal of any such cause.

16. ASSIGNMENT BY STATE

The State agrees not to assign this Agreement without prior notice to and reasonable consent of the Contractor provided, however, that this Agreement may be assigned without such consent to another agency or subdivision of the State pursuant to a governmental reorganization or assignment of functions under which the pertinent functions of OGS as an agency are transferred to a successor agency or subdivision of the State.

17. NOTICES

All notices, demands, designations, certificates, requests, offers, consents, approvals and other instruments given pursuant to this Agreement shall be in writing and shall be validly given when mailed by registered or certified mail, overnight carrier or hand delivered, (i) if to the State, addressed to the State at its address set forth above, and (ii) if to Contractor, addressed to Contractor at its address set forth above. The parties may from time to time, specify any address in the United States as its address for purpose of notices under this Agreement by giving fifteen (15) days written notice to the other party. The parties agree to mutually designate individuals as their respective representatives for the purposes of this Agreement.

18. CAPTIONS

The captions contained in this Agreement are intended for convenience and reference purposes only and shall in no way be deemed to define or limit any provision thereof.

19. SEVERABILITY

In the event that any one or more of the provisions of this Agreement shall for any reason be declared unenforceable under the laws or regulations in force, such provision will not have any effect on the validity of the remainder of this Agreement, which shall then be construed as if such unenforceable provision had never been written or was never contained in this Agreement.

20. INFORMATION SECURITY BREACH

In accordance with the Information and Security Breach Notification Act (ISBNA) (Chapter 442 of the Laws of 2005, as amended by Chapter 491 of the Laws of 2005), a Contractor with OGS shall be responsible for all applicable provisions of the ISBNA and the following terms herein

with respect to any private information (as defined in the ISBNA) received by or on behalf of OGS under this Agreement.

- Contractor shall supply OGS with a copy of its notification policy, which shall be modified to be in compliance with this provision, as well as OGS's notification policy.
- Contractor must encrypt any database fields and backup tapes that contain private data elements, as set forth in the ISBNA.
- Contractor must ensure that private data elements are encrypted in transit to / from their systems.
- In general, contractor must ensure that private data elements are not displayed to users on computer screens or in printed reports; however, specific users who are authorized to view the private data elements and who have been properly authenticated may view/receive such data.
- Contractor must monitor for breaches of security to any of its systems that store or process private data owned by OGS.
- Contractor shall take all steps as set forth in ISBNA to ensure private information shall not be released without authorization from OGS.
- In the event a security breach occurs as defined by ISBNA Contractor shall immediately notify OGS and commence an investigation in cooperation with OGS to determine the scope of the breach.
- Contractor shall also take immediate and necessary steps needed to restore the information security system to prevent further breaches.
- Contractor shall immediately notify OGS following the discovery that OGS's system security has been breached.
- Unless the Contractor is otherwise instructed, Contractor is to first seek consultation and receive authorization from OGS prior to notifying the individuals whose personal identity information was compromised by the breach of security, the State Division of Homeland Security and Emergency Services Enterprise Information Security Office, the Department of State Division of Consumer Protection, the Attorney General's Office or any consuming reporting agencies of a breach of the information security system or concerning any determination to delay notification for law enforcement investigations.
- Contractor shall be responsible for providing all notices required by the ISBNA and for all costs associated with providing said notices.
- This policy and procedure shall not impair the ability of the Attorney General to bring an action against the Contractor to enforce all provisions of the ISBNA or limit the Contractor's liability for any violations of the ISBNA.

21. CONTRACTOR RESPONSIBILITY

The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of OGS or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

The Commissioner of OGS or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of OGS or

her designee issues a written notice authorizing a resumption of performance under the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner of OGS or her designee at the Contractor's expense where the Contractor is determined by the Commissioner of OGS or her designee to be non-responsible. In such event, the Commissioner of OGS or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.
