### Pricelist Worksheet

Bidders may bid on one or more Items. Please refer to the specifications for each item in Section 5 of the Invitation for Bids. Each Bidder must submit their proposed prices on Attachment 1 - Pricing for each Item being bid by entering a Unit Price and Price per Order Measure for all unit order quantities and additional charges. The Grand Total for each Item is the sum of each of the Bidder's Unit Price and Price per Order Measure multiplied by the Estimated Number of Orders or Quantities for each line. Bidders must bid ALL Unit Prices and Prices per Order Measure for each Item. Bids that do not have all Unit Prices and Prices per Order Measure shall be deemed non-responsive. All monetary values shall be extended to two decimal points (e.g., \$.123 shall be rounded to \$.12) and rounded to the nearest whole cent.

Unbalanced bids may be rejected either in whole or in part; however, OGS reserves the right to negotiate prices downward with the apparent low bidder to lower unbalanced prices. A "balanced bid" means that the unit price shall remain constant or decrease for an item as the number of units increase.

The totals will be automatically calculated. Bidder shall not attempt to add additional columns or rows or modify formulas. Any attempt to alter or modify the Worksheet beyond what is allowed may result in bid being deemed non-responsive and rejected. Please be sure to answer all of the questions for each item after entering your pricing.
