---

**Bid Opening Date and Time:** July 8, 2015 @ 11:00 a.m.

OGS has moved into the final stages of the evaluation for this solicitation. Tentative Award letters have been mailed to those bidders who will be receiving contracts. Once these bidders have provided our office with all the required documents as outlined in the solicitation, we can begin executing contracts.

Updates will be provided as we continue to move through this extensive award process. Please note our team is working diligently to award contracts and anticipates publishing contracts by November 1, 2015.
